Notes:

1. **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY/ PROXIES TO ATTEND AND VOTE INSTEAD OF HIMSELF/HERSELF. SUCH A PROXY/ PROXIES NEED NOT BE A MEMBER OF THE COMPANY.**

This instrument appointing proxy in order to be effective should be lodged at the Registered Office of the Company not less than forty- eight hours before the time of the meeting. A blank proxy form is sent herewith. Pursuant to section 105 of the act a person shall not act as proxy for more than fifty members & holding in aggregate not more than ten percent of the total share capital of the Company. However a single person may act as a proxy for a member holding more than ten percent of the total share capital of the Company provided that such person shall not act as a proxy for any other person. Proxies submitted on behalf of the companies, societies etc., must be supported by an appropriate resolution/authority, as applicable.

2. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013, which sets out details relating to Special Business at the meeting, is annexed hereto.
3. The Register of Members and the Share Transfer books of the Company will remain closed from Saturday 15th September, 2018 to Monday, 24th September, 2018 (both days inclusive) in terms of the provisions of Section 91 of the Companies Act, 2013 and as per the provisions of Regulation 42 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for annual closing and determining the entitlement of the shareholders to the dividend for financial year (FY) 2017-18.
4. The Dividend as recommended by the Board of Directors, if approved, will be paid on or after 29th September, 2018 to all the beneficial owners in respect of shares held in dematerialized form as per the data as may be made available by National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) as at the close of business hours and to the shareholders (holding shares in physical form) whose name stand on the Register of Members of the Company on Friday, 14th September, 2018.
5. Members are requested to en-cash their Dividend Warrants immediately on their receipt, as dividends remaining unclaimed for seven years from the date of transfer to the company's Unpaid Dividend Account, will be transferred to the Investor Education and Protection Fund established by the Central Government, as per Section 125 of the Companies Act, 2013.
6. The provisions of Investor Education and Protection Fund (Uploading of information regarding unpaid and unclaimed amounts lying with Companies) Rules, 2012 (IEPF Rules) are applicable to the Company. The objective of the IEPF Rules is to help the shareholders ascertain status of the unclaimed amounts and overcome the problems due to misplacement of intimation thereof by post etc. The Company has transferred the unpaid or unclaimed dividends declared upto FY 2009-10, from time to time, to Investor Education and Protection Fund(IEPF) established by Central Government. In terms of the said IEPF Rules, the Company has uploaded the information in respect of the Unclaimed Dividends as on the date of the 45th Annual General Meeting held on Monday, 25th September 2017, on the website of the IEPF viz. www.iepf.gov.in and on the website of the Company under "Investors Relations Section" on the website of the Company.
7. Under the system of payment of dividend through NECS, the shareholders get the credit of dividend directly in their designated bank account. This ensures direct and immediate credit with no chance of loss of warrant in transit or its fraudulent encashment. Shareholders holding shares in physical form and desirous of availing NECS facility are requested to furnish particulars of their bank account (including 9 digit MICR code) to the Company's Registrar & Share Transfer Agent, (RTA) M/s Sharex Dynamic (India) Private Limited and in respect of shares held in demat (electronic) form such particulars should be furnished to respective Depository Participants.

8. All the documents referred to in this notice are open for inspection to the members at the registered office of the Company on all working days between 11.00 a.m. to 1.00 p.m., upto the date of the Annual General Meeting and during the time of the Meeting.
9. The facility for voting through Ballot paper shall be made available at the venue of the meeting and only the Members attending the meeting who have not cast their vote through remote e-voting shall be entitled to vote at the meeting.
10. (a) Pursuant to the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the Company has, during the FY 2017-18, transferred to the IEPF Authority all shares in respect of which dividend had remained unpaid or unclaimed for seven consecutive years or more as on 30th November, 2017. Details of the shares transferred to the IEPF Authority are available on the website of the Company (www.camphor-allied.com). The said details have also been uploaded on the website of the IEPF Authority and the same can be accessed through the link www.iepf.gov.in.

(b) Members may note that shares as well as unclaimed dividends transferred to IEPF Authority can be claimed back. Concerned members/investors are advised to visit the weblink: <http://iepf.gov.in/IEPFA/refund.html> or contact RTA/Company for lodging claim for refund of shares and/or dividend from the IEPF Authority.
11. With the aim of curbing fraud and manipulation risk in physical transfer of securities, SEBI has notified the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 on June 8, 2018 to permit transfer of listed securities only in the dematerialized form with a depository. In view of the above and the inherent benefits of holding shares in electronic form, we urge the shareholders holding shares in physical form to opt for dematerialization with effect from 5th December, 2018.
12. Members holding shares in physical mode:
 - (a) are requested to submit their Permanent Account Number (PAN) and bank account details to the Company/ Sharex Dynamic (India) Private Ltd, if not registered with the Company as mandated by SEBI.

This Explanatory Statement may also be considered as the requisite abstract under Section 190 of the Companies Act, 2013 setting out the terms and conditions of re-appointment of Mr. Shyamal A. Bodani as the Executive Director of the Company.

It is proposed to seek the Members' approval for the re-appointment of and remuneration payable to Mr. Shyamal A. Bodani as an Executive Director, in terms of the applicable provisions of the Act and the relevant Rules made thereunder.

Other than Mr. Shyamal A. Bodani being the appointee and Mr. Dharmil A. Bodani, being his brother and Managing Director of the Company and their relatives, none of the other Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested financially or otherwise in the resolution as set out at item no. 7

The Board Recommends the Ordinary Resolution set out at Item No. 7 of the Notice for approval by the members of the Company.

Item No. 8:

Ms. Amruda V Nair (DIN: 06716791) was appointed as an Independent Director of the Company under the provisions of the Companies Act, 2013, vide resolution passed by the members at the Annual General Meeting held on 26th September, 2014 and she holds office as an Independent Director of the Company upto 2nd October 2018 ("first term").

As per Section 149(10) and other applicable provisions of the Companies Act, 2013, an Independent Director shall hold office for a term upto five consecutive years on the Board of a Company but shall be eligible for re-appointment on passing of a special resolution by the Company for another term of upto five consecutive years on the Board of a Company.

The Nomination and Remuneration Committee (NRC) of the Board of Directors, on the basis of the report of performance evaluation, has recommended re-appointment of Ms. Amruda V Nair as an Independent Director for a second term of 5 (five) consecutive years on the Board of the Company.

The Board based on the performance evaluation and as per the recommendation of the NRC, considers that, given

her background, experience and contributions made by her during her tenure, the continued association of Ms. Amruda V. Nair would be beneficial to the Company and it is desirable to continue to avail her services as an Independent Director. Accordingly it is proposed to re-appoint Ms. Amruda V. Nair as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5(five) consecutive years on the Board of the Company.

Ms. Amruda V Nair is not disqualified from being appointed as Director in terms of Section 164 of the Act and has given her consent to act as an independent Director. The Company has also received declaration from Ms. Amruda V Nair that she meets the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations").

In the opinion of the Board, Ms. Amruda V Nair fulfills the conditions for appointment as an Independent Director as specified in the Act and the Listing Regulations. Ms. Amruda V. nair is independent of the management.

Brief Profile of Ms. Amruda V. Nair whose re-appointment as Independent Director is proposed at Item No 8, is provided in the "Annexure" to the Notice. Copy of draft letter of appointment of Ms. Amruda V. Nair setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company.

Other than Ms. Amruda V. Nair, being the appointee, or her relatives, none of the Directors and/or Key Managerial Personnel of the Company or their relatives are concerned or interested financially or otherwise, in the resolutions set out at item No. 8.

The Board recommends the Special resolution set out at item no 8 of the Notice for approval by the members of the Company.

Item No. 9:

In the 42nd Annual General Meeting of the Company held on 26th September 2014, Mr. Prakash V. Mehta (DIN:00001366) was appointed as an Independent Director of the Company with effect from 26th September 2014, to hold office for a term of five consecutive years upto the conclusion of the 47th Annual General Meeting in the calendar year 2019.

The SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 dated 9th May, 2018 has amended the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015 by adding a new sub regulation (1A) under Regulation 17 (Board of Directors) which is reproduced here – "(1A) No listed entity shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of seventy five years unless a special resolution is passed to that effect, in which case the explanatory statement annexed to the notice for such motion shall indicate the justification for appointing such a person."

The above sub-regulation is effective from 1st April, 2019. Since Mr. Prakash V. Mehta attained the age of 75 years on 12th February, 2017, it would be necessary to pass the aforesaid special resolution to enable Mr. Prakash V. Mehta to continue as an Independent Director of the Company post that date.

Mr. Prakash V. Mehta graduated in law from the Bombay University in 1963 and qualified as a Solicitor in 1966. He was appointed as Notary in 1996. He is also a member of Maharashtra & Goa Bar Association and a member of the Managing Committee of the Bombay Incorporated Law Society as well. His Practice Areas include Joint Ventures & Foreign Collaborations, Property Law and Corporate Laws. Presently he is one of the Senior Partners of M/s. Malvi Ranchoddas & Co. and is holding directorship in various public and private limited companies.

His knowledge and rich practical experience gained over several years is very valuable to the Board in guiding the business decisions and future plans.

In view of the above, the Board recommends the confirmation of the appointment of Mr. Prakash V. Mehta or his relative as an Independent Director of the Company to continue to hold office upto the conclusion of the 47th Annual General Meeting in the calendar year 2019.

Other than Mr. Prakash V. Mehta none of the Directors or Key Managerial Personnel of the Company and their relatives are in any way concerned or interested, financially or otherwise, in the resolution set out at Item No. 9 of the Notice.

The Board Recommends the Special Resolution set out at Item No. 9 of the Notice for approval by the members of the Company.

Note: Pursuant to the approval of the Scheme of Amalgamation by the Hon'ble National Company Law Tribunal ("NCLT") vide its order dated 16th November 2017, the entire business and all assets, liabilities of erstwhile Oriental Aromatics Limited (transferor Company), holding Company of your Company were transferred to and vested in your Company, being transferee Company, from 1st April, 2016, the appointed date. Accordingly, the effect of the Scheme has been given in these financial statements and figures for FY 2016-17 have been restated.

2. OPERATIONAL PERFORMANCE/STATE OF COMPANY'S AFFAIRS:

Standalone Performance:

The revenue from operations of your Company for the Financial Year (FY) 2017-18, stood at ₹ 50,542.15 lakh as against ₹ 45,556.26 lakh showing an increase of 10.94 %.

The Company earned a Profit after tax of ₹ 3,032.99 lakh as against ₹ 2,560.76 lakh for the previous year, thereby registering a growth of 18.44%. The Company managed to register this growth mainly due to better sales realisation.

Due to increase in the profit, the Earning per share (EPS) increased from ₹ 30.44 in the previous year to ₹ 36.05 in the year under review.

The net worth of your Company increased to ₹ 29,963.23 lakh at the end of the FY 2017-18 from ₹ 27,372.97 lakh at the end of FY 2016-17, thereby registering a growth of 9.46%.

Your Company performed well during the year by efficiently managing the resources, which resulted into improved performance and increase in profit and EPS.

Consolidated Performance:

The entire business and all assets, liabilities, duties and obligations of erstwhile Oriental Aromatics Limited, “the Transferor Company”, engaged in the business of fragrance and flavours, were transferred to and vested in Oriental Aromatics Limited (Formerly Camphor and Allied Products Limited), “the Transferee company” from 1st April, 2016, the appointed date, pursuant to the approval of the scheme of amalgamation (“the scheme”) by the Hon’ble National Company Law Tribunal, Mumbai Bench (NCLT) on 16th November, 2017 which became effective on 2nd January, 2018.

Accordingly, the effect of the scheme was also given in the financial statements for the financial year FY 2016-17, appointed date being 1st April 2016. Hence, the results for FY 2016-17 include financials of the erstwhile Oriental Aromatics Limited, which amalgamated with your Company and therefore are not strictly comparable with those of the previous year.

The consolidated total sales of your Company for the FY 2017-18, stood at ₹ 50,603.31 lakh as against ₹45,775.08 lakh, showing an increase of 10.54 %

The Company earned a Consolidated Profit after tax of ₹ 2,498.17 lakh as against ₹ 2788.60 lakh for the previous year, thereby resulting in decrease in the profit by 10.41%.

Inspite of increase in the total consolidated revenue, the Company’s profitability reduced mainly due to the operational loss in its subsidiary.

As a result of decrease in the consolidated profit, the Earning per share (EPS) also decreased from ₹ 33.14 in the previous year to ₹ 29.69 in the year under review.

The Consolidated net worth of your Company increased to ₹ 29,259.81 lakh at the end of the FY 2017-18 from ₹ 27,152.35 lakh at the end of FY 2016-17, thereby registering a growth of 7.76%.

Post amalgamation your Company continues to focus on value maximization and bringing greater efficiency in overall business including economies of scale and cash flow management and is carrying on consolidated operations through optimum utilization of combined resources of the amalgamated Companies.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

A. CONSERVATION OF ENERGY:

a. Energy Conservation Measures Taken:

Your Company has been making continuous efforts to conserve energy and upgrade technology to optimize the energy cost. It has always been conscious of the need for conservation of energy and natural resources and considers it as a focus area. Energy efficiency improvement initiatives have been implemented across all the Plants and Offices by undertaking various energy and resource conservation measures. Your Company continues its policy of giving priority to energy conservation measures including regular review of energy generation, consumption and control on utilization thereof. The following key initiatives have been undertaken by your Company towards conservation of energy:

- R&D team is constantly working to modify process and decrease batch time cycle to reduce energy consumption.
- Installation of DCS controls to make process efficient and control batch times
- Various process changes are made and replacement of certain conventional equipment with more energy efficient equipment. Plant and Machinery are regularly serviced, updated and overhauled and maintained in good condition.
- Efficient control and streamlining of the manufacturing process.
- Old obsolete vacuum systems were replaced by latest energy efficient steam jet ejectors, reducing water consumption substantially.
- Ineffective stream traps are being replaced in phased manner
- Condensate recovery improved to reduce fuel consumption.
- Installation of Energy efficient LED Lights in place of the conventional lights.
- Close monitoring of lighting system by providing dedicated team to avoid unwanted lighting power.

b. The adoption of energy conservation measures indicated above have resulted in optimum efficiency in operation and saving & controlling in the cost of production.

c. The total energy consumption and consumption per unit of production are as under:

B. RESEARCH AND DEVELOPMENT (R&D) AND TECHNOLOGY ABSORPTION

R& D-Baroda

- From the very beginning your Company has focused on in-house research and development. R & D Centre at Baroda was established in 1974 to carry out extensive work on Terpene chemistry and has developed several interesting products. It is situated at Plot No. 3, GIDC Industrial Area, Nandesari.
- R & D Centre is recognized by Department of Science and Industry Research (DSIR), Government of India.
- It has well equipped bench scale laboratories to carry out various organic reactions like Aldol condensation, Oxidation, Reduction, hydrogenation, hydration, Acetylation, Esterification, Isomerization and many more in gm as well as in Kg scale.
- It has the facility to carry out high pressure reactions and has various lab scale fractionating columns for separation and also adequate analytical facility to support the research work.
- It has fully equipped pilot plant along with utilities to scale up the processes which are developed by Mumbai and Baroda R&D units.

R& D-Mumbai

- In 2016, your company has also set Centre for Innovation, state of the art R&D facility in Mumbai equipped with the infrastructure required for research and new product development. This lab will be dedicated to research on Aroma Chemicals and will be focusing on synthesizing speciality generic aroma chemicals.

- Recognition of R&D Centre by Department of Science and Industry Research (DSIR), Government of India is under process.
- It has well equipped bench scale laboratories to carry out various organic reactions like Aldol condensation, Oxidation, Reduction, hydrogenation, hydration, Acetylation, Esterification, Isomerization and many more in gm as well as in Kg scale.
- It has the facility to carry out high pressure reactions and has various lab scale fractionating columns for separation and adequate analytical facility like GLC, GCMS and other instrument to support the research work.
- In 2017, New R&D unit has also developed Aroma Chemicals and will be scaled up into pilot plant.

a) Specific areas in which R & D carried out by the Company during the financial year 2017-18

The focused areas of the Company's R&D effort during 2017-18 include:

- Improvement of existing and new developed process (Mumbai R&D) of products by enhancing yields and reducing costs by optimization of reaction parameters, reaction reengineering and implementing cost effective routes of synthesis on continuous basis, reduction of effluent and process involving continuous operations. These efforts have resulted in improving quality of the products and reducing their manufacturing cost and energy consumption.
- Development of Processes for new Aroma chemicals in R&D and it is scaled up into pilot and then new Multi-Purpose plant at Vadodara (SCD plant).

b) Benefits derived as a result of the above R & D:-

- R& D efforts have helped for improvement in process and reduction in cost, utility, batch time cycle and energy consumption.
- Based on R&D, new manufacturing facility for continuous process for alpha campholenic aldehyde is installed. This is key raw materials for sandal products.
- Your company has also developed New products by using existing Per acetic acid facility.
- R&D efforts have helped in development of new process for aroma chemicals.
- R & D will enable your Company to innovate ahead of the market and competition and renovate the products for superior value, cost reduction resulting into profitable growth.

(c) Future plans of Action:-

- Further improvement in process efficiencies of existing products and new products developed at Mumbai R&D. The process is scaled up using Baroda R&D and pilot plant.
- Your Company has built a Multi-Purpose plant at Vadodara in which Specialty Aroma Chemicals including the products developed from R&D will be manufactured. It has commenced its operations w.e.f. May 2018.

- Further developed New products process by considering market value and cost.

(d) The total expenditure for R & D during the year under review is ₹ 459.80 Lakh (Previous year ₹ 630.71 lakh) of which ₹ 80.01 Lakh (previous year ₹ 223.42 Lakh) is towards capital expenditure and ₹ 379.79 Lakh (previous year ₹ 407.29 lakh) is towards revenue expenditure.

C. FOREIGN EXCHANGE EARNING AND OUTGO:

The Company continues to export its various products to Europe, USA and other countries. The quality of the products of the Company is well accepted in these markets.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management of Oriental Aromatics Limited (Formerly Camphor and Allied Products Limited) is pleased to present its analysis report covering the performance of the Company for the financial year (FY) 2017-18 and the outlook for the future.

ECONOMY AND BUSINESS OUTLOOK:

Global Economy

Global growth momentum is projected to continue in the next year with broad based growth both in developed and emerging economies.

World growth strengthened in 2017 to 3.8 percent, with a notable rebound in global trade. It was driven by an investment recovery in advanced economies, continued strong growth in emerging Asia, a notable upswing in emerging Europe, and signs of recovery in several commodity exporters. Global growth is expected to tick up to 3.9 percent during 2018 and the next year, supported by strong momentum, favourable market sentiment, accommodative financial conditions, and the domestic and international repercussions of expansionary fiscal policy in the United States. (Source: IMF)

The new World Economic Outlook report projects that advanced economies as a group will continue to expand above their potential growth rates in FY 2018-19 before decelerating, while growth in emerging market and developing economies (EMDE) will rise before levelling off. Global growth is expected to edge down over the next two years, as global slack dissipates, trade and investment moderate, and financing conditions tighten. In EMDEs, growth in commodity importers is expected to remain robust, while the rebound in commodity exporters is projected to mature.

Indian Economy

It is worth taking a look at India's economic performance over what has been quite an interesting period i.e Financial Year (FY) 2017-18. The first quarter of the year saw the impact of demonetisation settling down and the next quarter witnessed the implementation of the landmark Goods and Services Tax (GST), from July 2017 as the nation moved to 'One nation-one tax'. GST was implemented with a vision to create a unified market with a modern, transparent and technologically driven Indirect tax system. The Indian economy witnessed some slowdown in growth during the transition period to the new GST regime from the erstwhile tax regime.

This did not take long, and from the third quarter onwards, signs of growth returning were evident. The Indian economy achieved an impressive growth rate of 7.2%, during the third quarter (Oct-Dec) of FY 2017-18 as opposed to 6.5% in the second quarter. India also regained its tag of the fastest growing major economy in the third quarter. The reform measure has helped India move into the Top 100 Club in World Bank's 'Global Ease of Doing Business' rankings.

(Source –Indian Economic Outlook 2018-19)

The Government of India has taken various initiatives to strengthen the economic base of the Country and make it one of the strongest Economies in the World. The Union Budget for year 2018-19 has focused more on the Rural Economy, Agricultural Sector, Healthcare, Infrastructure and improvement in the quality of the education. India's Gross Domestic Product (GDP) growth outlook is improving with India's GDP growth projected at 7.8% for 2019 as against 7.4% for 2018. The increase in GDP growth will be driven by strong private consumption as well as fading transitory effect of demonetisation and implementation of GST.

INDUSTRY STRUCTURE AND DEVELOPMENTS:**FLAVOURS AND FRAGRANCES****Global Scenario**

The global market for flavors and fragrances was valued at \$26.0 billion in 2015. This market is expected to increase from \$27.1 billion in 2016 to \$37.0 billion in 2021 at a compound annual growth rate (CAGR) of 6.4% for 2016-2021. (Source: BCC Research & Avendus)

The global F&F market is a reasonably consolidated market, with the top 5 players constituting ~60% and the top 10 players constituting ~80% of the market. (Source: Avendus)

The F&F market is almost equally distributed. Large players continue to consolidate for scaling up and to build differentiated product portfolio. The F&F market is highly fragmented. Flavour and Fragrances purchasers may range from multinational companies to big Indian industrial houses to small-scale industrial units to local eateries to even individual homes.

The market has witnessed a remarkable growth, owing to increasing demand in application industries such as food, beverages and personal care, coupled with higher levels of disposable income.

The Global flavors and fragrances (F&F) Market is poised to grow strong during the forecast period 2017 to 2025. Some of the prominent trends that the market is witnessing include growing vegan population which is increasing the demand for flavors & fragrances, growing demand for biotic ingredients usage and recent technological developments in flavors and fragrances. Changing consumer preferences, increasing health concerns and a growing trend among customers to purchase products with natural ingredients are driving demand in the market for flavours and fragrances. Regulatory authorities in different countries are taking initiatives to set standards and regulations for the promotion of safe and healthy products, which also is driving demand.

Indian Scenario

Flavours and fragrances are small but significant constituents of food & beverage and FMCG products respectively. They are directly involved in creating a sensorial connection between the product and its consumer, often contributing to a strong brand recall. The Indian F&F market is dominated by the large global F&F houses, which contribute over 60% of the Indian production of flavour and fragrance blends. India is an important supplier to the global market in this space, catering to 60% of the global spice oleoresin demand and 80% of the global mint extracts demand.

The top five companies like Givaudan, Firmenich, IFF, Symrise, Takasago have had a substantial presence and business in India for many years now. These players are strengthening their manufacturing base in India to cater to the growth in Indian demand. All F&F blends use a large number of ingredients, which can be either natural or synthetic, depending on the source and manufacturing process. The organized Indian F&F production market is \$ 1.1bn in size, close to 30% of which is exported. (Source: Avendus)

Some Indian FMCG companies who use fragrances and flavours in their products also make their own fragrance blends, by purchasing individual aroma chemicals and mixing them. Mixing various fragrances purchased from different fragrance houses along with their in-house compounds is also a different way to make finished fragrance blends.

The growth drivers of F&F in India have been strong end-user growth driven by increased penetration, rising affordability, premiumization of FMCG products, rising exports and ability to innovate etc. Rising incomes and growing youth population have been key growth drivers of the sector. Brand consciousness has also aided demand. Disposable income in rural India has increased due to the direct cash transfer scheme.

Future Outlook

With a large and growing demand and the resultant opportunities for Indian manufacturers, the market for Flavours & Fragrances and ingredients is set to flourish more. Rising incomes, better education and more awareness will mean a higher inclination to spend on 'Quality Lifestyle' products for home and health, personal grooming and social symbols. The demand for flavours will also continue to rise as the processed food market continues to grow. Regular use of flavours and fragrances in a product is no longer a luxury but a necessity for consumer acceptance. Flavours and fragrances that are novel will continue to be popular and gain better and faster acceptance. India traditionally used more of natural flavours as Indians preferred freshly prepared foodstuff unlike in Europe and America where artificial or synthetic flavour were in demand due to the use of canned frozen food and beverage. This is likely to continue. However, due to fundamental changes in lifestyles certain food items, beverages, confectionaries, bakery, and snacks that generally use artificial additives will increase giving a fillip to the flavour industry in times to come.

AROMA CHEMICALS

Aroma chemicals form the building blocks of F&F and are used in a variety of sectors. Aroma chemicals are further classified into terpenes, miscellaneous aroma chemicals, musk chemicals and benzenoids.

Global Scenario

The Global Aroma Chemicals Market is accounted for \$4.08 billion in 2016 and expected to grow at a CAGR of 6.8% to reach \$6.48 billion by 2023. Factors like change in consumer preferences, healthy and green sustainability package among the consumers and growth in end user markets are boosting the market growth. High R&D cost and compliance with quality and regulatory standards will impede the market growth. Furthermore, surge in demand for natural aroma chemicals and advances in technology and emerging applications, increased penetration in emerging markets and the demand for custom fragrances are few trends market is likely to observe.

Soaps and detergents segment accounted for the largest market share because most of the soap makers source fragrance chemicals from suppliers that manufacture fragrance ingredients. Asia Pacific region accounted for the largest market share due to huge domestic consumption of aroma chemicals in India. Europe is expected to be a significant revenue generating region during forecast period.

India Scenario

Competition is seen in the aroma chemical industry in terms of quality, price and services rendered to the end user. Aroma chemicals form the building blocks of F&F and are used in a variety of sectors. The competitive edge can be achieved by use of captive and exclusive ingredient technology that will make ones flavour and fragrance unique and difficult to copy. Cost control continues to play a very important role if one has to maintain a leading position. The ability to function on a truly integrated world scale and service globally will be a key in gaining core listing and long-term contracts mutually beneficial to the aroma chemical houses and the FMCG players. Rising incomes, better education and more awareness will mean a higher inclination to spend on 'Quality Lifestyle' products for home and health, personal grooming and social symbols. The demand for aroma chemicals will also continue to rise as the processed food market continues to grow.

COMPANY OVERVIEW:

Oriental Aromatics Limited (Formerly Camphor & Allied Products Ltd.), hereinafter referred to as “the Company”, has been a pioneer in the field of Terpene Chemistry in India, since 1961. The Company is India’s one of the largest manufacturers of variety of terpene chemicals, camphor and other speciality aroma chemicals. These aroma chemicals are the basic ingredients used in the manufacturing of fragrances and flavours catering to FMCG products. Your Company had been a supplier of chemicals, as raw material, to its holding Company, Erstwhile Oriental Aromatics Limited, which was engaged in the business of manufacturing of flavours and fragrances in India and abroad. Its custom designed fragrances were found in fine fragrances, soaps, incense sticks, candles, household cleaners and mosquitoes gels.

Post amalgamation of holding Company “Erstwhile Oriental Aromatics Limited” with the Company, it has evolved as a complete F&F player due to forward integration of the business, with a strong presence in aroma chemicals. Your company is now named amongst one of the few fully integrated F&F Companies worldwide.

The Company established its first Synthetic Camphor plant in Bareilly, Uttar Pradesh India with technology from Dupont, USA. The Company has established manufacturing facilities in Bareilly (for synthetic camphor and terpineols) and in Baroda (for other aroma chemicals like astrolide, astromusk, etc.) with a total manufacturing capacity in excess of 10,000 TPA, where they produce Turpentine based chemicals and other aroma chemicals (raw materials for manufacturing of fragrances and fragrances). The state-of-the-art fragrance manufacturing facility with a total capacity of 6,000 TPA, situated at Ambernath had started its operations in 2014 and is a very versatile manufacturing facility capable of producing fragrances as well as flavours. The Company commenced the Commercial production at the Company’s newly set up multipurpose plant situated at Vadodara, Gujarat in May 2018. Plant has the capacity to manufacture around 1,200 TPA of products spread over 12-13 different chemistries. It has the Capability of manufacturing fragrance as well as flavour chemicals.

From the very beginning the Company has focused on in-house research and development. “R&D Centre”, established in 1974 to carry out extensive work on Terpene chemistry and has developed several interesting products. In 2016, the company has set one of its kind synthesis lab in Andheri (Mumbai). This lab focuses on synthesizing speciality generic aroma chemicals. The facility at Ambernath also has a state of the art and modern R&D / QA infrastructure.

OUTLOOK:

Your Company is one of the leading players in manufacturing of aroma chemicals and post amalgamation has evolved as a complete F&F player due to forward integration of the business. The Company’s vast product range includes Synthetic Camphor, Terpineols, Pine Oils, , Astromusk, perfumery chemicals, specialty chemicals and several other chemicals finding applications in vast array of industries ranging from Flavours & Fragrances, Pharmaceuticals, Soaps & Cosmetics, Rubber & Tyre, Paints & Varnishes and many more. Post amalgamation the Company now also provides custom designed fragrances that are found in fine fragrances, incense sticks, candles, and various FMCG products like soaps, shampoos, hair oils, detergents, etc. and it also provides flavours for ice-creams, bakeries, confectionaries, beverages, chewing gums, chocolates etc. The company has evolved as one shop solution provider in the aroma chemical industry. Further, constant focus of management to aid a mix of value added products has reflected an improvement in financial performance over the past few years.

We believe that the Company will be one of the key beneficiary of healthy demand of F&F industry as favourable macroeconomic factors like growing disposable incomes, urbanisation and aspirational lifestyles put the fragrance and flavours industry in a positive space. A growing global demand means greater opportunities.

We are confident of our inherent strengths and are dedicated to meet the expectations of our customers. We are taking a long term view of the industry and are optimistic to increase turnover and margins from the current position. There is also a clear focus in terms of building high performance culture to enhance productivity at all levels.

Innovation for the future has been one of our core competencies for which we have laid emphasis on product development and we have set up our own R&D team. One of the cornerstones of our consistent performance has been the concrete and timely execution of our thought driven strategies.

The Company expects improvement in overall efficiency of the combined entity coupled with synergetic benefits in the years to come.

OPPORTUNITIES AND THREATS:

Growing demand for flavors & fragrances for use in food & beverages and rising demand for natural personal care products possessing various aroma compounds and essential oils are expected to foster the market growth.

Natural flavor & fragrance ingredients are expected to grow at a high CAGR on account of growing preference for organic ingredients in the food and personal care sector. Rising disposable incomes and evolving lifestyles of India's prospering consumer proves pivotal for growth of the Aroma chemical and Fragrance and Flavour industry.

The enactment of the GST legislation has been a milestone reform that has created a win-win environment for all stakeholders and heralds an integrated and productive economy, and is expected to further boost economic growth.

The urbanization in India drives growth especially in the processed food industry which has increased over the years. The key factor determining the opportunities for this space has a direct correlation with FMCG which in totality is expected to increase at CAGR of 14.7 per cent during 2012-2020 with rural footprints to increase by CAGR of 17.7 per cent during 2012-2025. (Source: IBEF)

The aroma chemical industry today is at the crossroads finding it tough with rising input costs and dropping prices of the compounded products. Competition is seen in the aroma chemical industry in terms of quality, price and services rendered to the end user. However, still there is growth in absolute terms.

The company has committed to be positioned as a global player in the generic specialty aroma chemical space and the trends driving the market are consumer insights, their taste and preferences.

The Company has evolved as a complete F&F player due to forward integration of the business, with a strong presence in aroma chemicals. Management believes that the company will be one of the key beneficiaries of the robust demand scenario in F&F market on account of amalgamation as well as wide product acceptability.

RISK AND CONCERNS:

Any market share losses for the company to the major global and domestic players will adversely impact the financials of the company. Any slowdown in macro-economic growth of the country will lead to a slowdown in FMCG sector on account of sluggish consumption led demand. Consequently, this would adversely affect Indian Chemical and F&F industry leading to lower capacity utilizations for the company and impact the financials of the company.

One of the key risks faced by the Company in today's scenario is the fluctuation in the price of raw materials. Shortage in the supply of raw materials used by the Company poses a direct threat to its revenue and competitive position. Dependency on a few large clients could pose a risk to revenue.

Besides all the risks specified above, Aggressive pricing from competitors, as a result of worsening global conditions and tightening regulatory and environmental legislation as well as the renegotiation of the labour contract and reliability of plant production are the key risks for the Company.

The Company monitors such risk through the oversight of the senior management personnel in each of its business segments. The Company understands that in order to ensure consistent business growth, it is essential to correctly assess the potential risk area wise and take necessary steps well in advance so as to mitigate the risk to a large extent before in fact it becomes a potential hazard.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY:

The Company has put in place necessary internal control system commensurate with its size and nature of business for facilitating accurate, reliable and speedy compilation of financial information, safeguarding the assets and interests of the Company and also ensuring compliance with various laws and rules & regulations thereunder.

The internal control system designed in such a manner where various risks faced by the Company are identified and assessed. The internal control system provides for well-documented policies, guidelines, authorizations and approval procedures.

Internal Auditors conduct the audit on a regular basis and remedial measures are taken wherever necessary. The Audit Committee of the Board of Directors periodically reviews audit plans, observations and recommendations of the internal auditors as well as of external auditors with reference to significant risk areas, adequacy of internal controls etc.

DISCUSSION OF FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

During the year under review, Sales of the Company have shown a considerable increase due to Operational efficiency brought about through better and optimum utilization of resources and proper implementation of business Policies, Plans and Strategies.

The demand was subdued in the first half of the financial year due to GST implementation and lingering effects of demonetisation, while raw material shortage led to some challenges during second half of the financial Year but despite such challenges the Company could manage to achieve a revenue growth of 10.54% because of Company's long-standing customer relationship which helped it to procure raw materials at competitive prices.

For Standalone Performance and Consolidated performance the members may refer the Board's report.

HUMAN RESOURCES/INDUSTRIAL RELATIONS:

Our employees are our greatest asset and we are committed to attract, retain and recognize talent. We believe in providing our employees career growth while boosting a collaborative and fair working environment. We encourage fresh minds and new ideas. The Company constantly facilitates and encourages its employees at all levels to enhance their knowledge and skills and continuously seeks to inculcate within its employees, a strong sense of business ethics and social responsibility.

The industrial relations in manufacturing units of the Company continued to be cordial throughout the year. The Company has arranged seminars and workshops for its work force for their developments and to equip them to adapt to the fast changing environment. In-house training programs are also conducted to enable the workforce to acquire necessary skills and update their knowledge. Necessary training and orientation in this regard is done on regular

basis. Your Company continuously benchmark HR policies and practices with the best in the industry and carries out necessary improvements to attract and retain talent and build intellectual capital.

Post amalgamation the total number of permanent employees in the Company are 561 as on 31st March 2018.

POLLUTION AND ENVIRONMENT CONTROL:

All our plants are designed with appropriate Waste Management Systems and operate in harmony with the surrounding ecosystem. Highest importance is always given by the Company to ensure that the environment remains relatively pollution free.

Adequate pollution control facilities are installed at both the plants as per guidelines of pollution control authority and are run as per set norms.

For safety, the work force is provided with appropriate safety equipments and necessary training from time to time.

INDEPENDENT AUDITORS' REPORT

To the Members Of,
ORIENTAL AROMATICS LIMITED
(Formerly known as Camphor and Allied Products Limited)

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **ORIENTAL AROMATICS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018 and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows, the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS Financial Statements").

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act and relevant rules thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the Auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the

reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs (financial position) of the Company as at 31st March, 2018 and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we state that:

1. The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

As explained, the assets have been physically verified by the management in accordance with the phased programme designed to cover all the assets over two years. In our opinion, the frequency of verification is reasonable considering the size of the Company and nature of its fixed assets. As informed, no major discrepancies were noticed on such verification.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

2. The inventory has been physically verified by the management at reasonable intervals during the year. The discrepancies noticed on verification between the physical stocks and book records were not material considering the operations of the Company and have been properly dealt with in the books of account.
3. The Company has granted loans to a foreign subsidiary covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to the information and explanations provided to us, the terms and conditions of the grant of such loan are prima facie not prejudicial to the Company's Interest.

The repayment of principle and payment of interest are on demand. Principal repayments and payment of interests has been received as and when demanded.

The principle and interest are not overdue in respect of loans granted to companies, firms or other parties listed in the register maintained under section 189 of the Companies Act, 2013 which are overdue for more than ninety days

4. In our opinion, and according to the information and explanations given to us, the company has complied with the provisions of section 185 & 186 of the Companies Act, 2013 in respect of loan and investments made, and guarantees and security provided by it.
5. No deposits within the meaning of directives issued by RBI (Reserve Bank of India) and Sections 73 to 76 or any other relevant provisions of the Act and rules framed there under have been accepted by the Company. Therefore, Para 3 (v) of the Order is not applicable to the Company.
6. On the basis of records produced, we are of the opinion that prima facie, the cost records and accounts prescribed by the Central Government under Section 148 (1) of the Act have been maintained. However, we are not required to and thus have not carried out any detailed examination of such accounts and records, with a view to ascertain whether these are accurate and complete.

7. a) The Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Customs, Duty of Excise, Value added tax, Cess, Goods and Service Taxes and other material statutory dues applicable to the Company with the appropriate authorities. No undisputed amounts payable in respect of the aforesaid statutory dues were outstanding as at the last day of the financial year for a period of more than six months from the date they became payable.
- b) According to the records of the Company, there are no dues of Income Tax, Sales Tax, Service tax, Duty of Customs, Duty of Excise, Value added tax, Cess which have not been deposited on account of any dispute except the following:

Particulars	₹ in Lakh	Year to which the amount relates	Forum where the dispute is pending

8. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to banks during the year. The Company has not taken loans or borrowings from a financial institution or government or issued any debenture during the year.

9. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and based on the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
10. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
11. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
12. In our opinion, the Company is not Nidhi Company. Therefore, Para 3 (xii) of the Order is not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements (Refer Note No. 42) as required by the applicable accounting standards.
14. During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures. Therefore, Para 3 (xiv) of the Companies (Auditor's Report) Order 2016 is not applicable to the Company.
15. According to the information and explanations given to us, during the year, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred 192 of the Act. Therefore, Para 3 (xv) of the Companies (Auditor's Report) Order 2016 is not applicable to the Company.
16. The Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934. Therefore, Para 3 (xvi) of the Companies (Auditor's Report) Order 2016 is not applicable to the Company.

ANNEXURE B REFERRED TO IN PARAGRAPH 2 UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT OF EVEN DATE TO THE MEMBERS OF THE ORIENTAL AROMATICS LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Oriental Aromatics Limited (“the Company”) as of March 31st, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in

accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The name of Camphor and Allied Products Limited was changed to Oriental Aromatics Limited with effect from February 26, 2018.

II. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

These financial statements for the year ended 31st March 2018 are the first financials with comparatives prepared under Ind AS. For all previous periods including the year ended 31st March 2017, the company prepared its financial statements in accordance with the accounting standards notified under companies (Accounting Standard) Rule, 2006 (as amended) and other relevant provisions of the act (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1st April, 2016 being the date of transition to Ind AS.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that is measured at fair value;
- 2) assets held for sale - measured at fair value less cost to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing

circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

(i) Contingent Liabilities and Contingent Assets

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

(ii) Measurement of defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

(c) Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Capital Work-in-progress

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, less any recognised impairment loss. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for intended use.

Expenditure incurred during developmental and preliminary stages of the Company's new projects, are carried forward. However, if any project is abandoned, the expenditure relevant to such project is written off through the natural heads of expenses in the year in which it is so abandoned.

Transition to Ind AS

On transition to Ind AS, company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over of period lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Intangible assets

Intangible assets are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method

The Company amortizes Intangible assets with a useful life using the straight-line method over the period of 5 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS the company has elected to continue with the carrying value of all of intangible assets recognised as at 1st April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

(e) Lease**As a lessee****Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(g) Trade receivables

Trade receivables are recognised at the value of sales less allowance for bad and doubtful debts and expected credit loss.

(h) Inventories

Inventories are valued on the following basis:

- a. Raw material, Components, Stores & Spares are valued at lower of cost and net realizable value. However, items of raw material are considered to be realizable at cost if finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on monthly weighted average.
- b. Finished Goods :
 - i. Principal products are valued at lower of cost and net realizable value.
 - ii. By-Products are valued at net realizable value.
- c. Process stock is valued at cost and in cases where the net realizable value of the ultimate product is lower than the cost of production, necessary adjustments in the cost of process stock is made.
- d. Costs of Finished Goods & Process Stock are determined using the absorption costing principles and determined on yearly weighted average. Costs include cost of conversion and other costs incurred in bringing the inventories to their present location & condition.

(i) Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

- * those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
- * those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value . Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition

of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(j) Derivative financial instruments

Derivative financial instruments such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(k) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividends on these preference shares are recognised in Statement of Profit and Loss as finance costs.

(l) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

(m) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and

the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

(n) Revenue recognition

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes and amounts collected on behalf of third parties.

The company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the company and specific criteria have been met for each of the company's activities as described below.

Sale of goods -

Sales are recognised when substantial risk and rewards of ownership are transferred to customer, in case of domestic sales take place when goods are dispatched or delivery is handed over to transporter/customers, in case of export sales place when goods are shipped onboard based on bill of lading.

Other operating revenue - Export incentives -

Export Incentives under the, "Duty Draw back Scheme" , etc. is accounted in the year of export.

(o) Employee benefits

Defined Contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The present value of the obligation under such plan, is determined based on an actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit and Loss Account. In case of funded defined benefit plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis. The Company has an obligation to make good the shortfall, if any.

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

(p) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(q) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets are realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

(r) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Research and Development

Revenue expenditure, including overheads on Research and Development, is charged out as an expense through the natural heads of account in the year in which incurred. Expenditure which results in the creation of capital assets is taken as Fixed Assets and depreciation is provided on such assets as are depreciable.

(t) New standards and interpretations not yet adopted

Ind AS 115 Revenue from Contracts with Customers:

Ind AS 115, Revenue from Contracts with Customers was initially notified under the Companies (Indian Accounting Standards) Rules, 2015.

The standard applies to contracts with customers. The core principle of the new standard is that an entity should recognize revenue to depict transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, timing and uncertainty of revenues and cash flows arising from the entity's contracts with customers. The new standard offers a range of transition options. An entity can choose to apply the new standard to its historical transactions - and retrospectively adjust each comparative period. Alternatively, an entity can recognize the cumulative effect of applying the new standard at the date of initial application and make no adjustments to its comparative information. The chosen transition option can have a significant effect on revenue trends in the financial statements. A change in the timing of revenue recognition may require a corresponding change in the timing of recognition of related costs.

(u) Amendment to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 effective from April 1, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The standard is applicable from 1st April 2018 i.e. Financial Year 2018-19 and there is no material impact expected on the financial statements.

Note No. 2 First-time adoption of Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31st March, 2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional Exemptions

(a) Business Combination

All transactions qualifying as business combinations under Ind AS103, occurring before the transition date, the company has opted not to restate any business combinations before the date of transition.

(b) Deemed Cost

The Company has opted para D7 AA and accordingly considered the carrying value of property, plant and equipments and Intangible assets as deemed cost as at transition date.

(c) Investments in subsidiaries, joint ventures and associates

The Company has opted para D14 and D15 and accordingly considered the cost of Investments as deemed cost as at transition date.

(d) Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS.

B. Mandatory Exceptions**Estimates**

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVPL or FVOCI;
- Impairment of financial assets based on simplified approach.

C. Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

I. Reconciliation of Balance sheet as at April 1, 2016 (Transition Date)

- II. A. Reconciliation of Balance sheet as at March 31, 2017
- B. Reconciliation of Statement of total Comprehensive Income for the year ended March 31, 2017.

III. Reconciliation of Equity as at April 1, 2016 and March 31, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

Adjustments Gain/ (Loss)	
Reversal of net defined benefit plan (Net of Tax)	42.05
Total profit under Ind AS	2,560.77

Notes to first time adoption

The following explains the material adjustments made while transition from previous accounting standards to IND AS,

Defined benefit liabilities:

Under previous GAAP, cost relating to post employment benefits/ obligations including actuarial gain/ losses were recognized in Profit & loss A/c. As per Ind AS requirements, actuarial gain/ losses under net defined benefit liability are recognized in other comprehensive income instead of Profit & loss A/c.

Note No. 40 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury departments, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

(i) Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

iii. Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements .

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Note No. 41 Fair Value measurement**Financial Instrument by category and hierarchy**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

INDEPENDENT AUDITOR'S REPORT

To The Members of
Oriental Aromatics Limited
(Formerly known as Camphor and Allied Products Limited)

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of "Oriental Aromatics Limited" (Hereinafter referred to as "the Holding Company"), its subsidiaries collectively referred to as "the Group"), comprising of the Consolidated Balance Sheet as at March 31st, 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, cash flows and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the

Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2018, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements of a foreign subsidiary included in the consolidated financial statements, whose financial statements reflect total assets of ₹ 377.70 Lakh as at 31st March, 2018, total revenues of ₹ 154.54 lakh and net cash outflow of ₹ 317.29 Lakh for the year ended 31st March 2018. These financial statements have been audited by other auditors, whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on the report of the other auditors..

Emphasis of Matter:

We draw your attention to note no. 32 in the attached financial results regarding the financial impact of the merger having been given from appointed date 1st April, 2016.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.
 - d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Holding Company as on

Notes to the Consolidated financial statements for the year ended 31ST March, 2018
(All amounts are in ₹ Lakh, unless stated otherwise)

1 General Information :

The consolidated financial statements comprise financial statements of Oriental Aromatics Limited (“the Parent Company”) and its subsidiaries (hereinafter referred to as “the Group”) for the year ended 31st March, 2018.

The Parent Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on BSE Ltd in India. The registered office of the Company is located at 133, Jehangir Building, 2nd Floor, M.G. Road, Fort, Mumbai - 400 001.

The group is involved in manufacturing and trading of variety of terpene chemicals, camphor, speciality aroma chemicals, fragrances and flavours. Its product range includes synthetic camphor, terpineols, pine oils, resins, astromusk, perfumery chemicals, speciality chemicals, fragrances and flavours and other chemicals, used in different industries such as flavours and fragrances, pharmaceuticals, soaps and cosmetics, rubber and tyre, paints and varnishes, fast-moving consumer goods etc.

2 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

I. Statement of compliance:

The Consolidated financial Statements of the Group which comprise the Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended 31st March, 2018, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as Consolidated Financial Statements’) have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter (‘Ind AS’), the provisions of the Companies Act, 2013 (‘the Act’) (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Consolidated Financial Statements have been approved by the Board of Directors in its meeting held on 31st May, 2018”

II. PRINCIPLES OF CONSOLIDATION

(i) Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

(ii) The acquisition method of accounting is used to account for business combinations by the group.

(ii) Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Deferred tax asset has been created on unrealized stock reserve.

- (iii) Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, statement of comprehensive income, statement of changes in equity and balance sheet respectively.
- (iv) The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of the Company.
- (v) When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

III. Significant accounting policies

(a) Basis of preparation of Consolidated Financial Statements

The Consolidated Financial Statements are prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies given below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. The consolidated financial statements are presented in Indian Rupees ('INR') and all values are rounded to the nearest lakh, except otherwise indicated

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that is measured at fair value;
- 2) assets held for sale - measured at fair value less cost to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

i. Contingent Liabilities and Contingent Assets

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Assets: Contingent Assets are neither recognised or disclosed in the financial statements.

ii. Measurement of defined benefit obligations

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis. The assumptions used in determining the net interest cost/(income) for defined benefit plans include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

(c) Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Capital Work-in-progress

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, less any recognised impairment loss. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for intended use.

Expenditure incurred during developmental and preliminary stages of the group's new projects, are carried forward. However, if any project is abandoned, the expenditure relevant to such project is written off through the natural heads of expenses in the year in which it is so abandoned.

Transition to Ind AS

On transition to Ind AS, Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April, 2016, measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over of period lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The group depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Intangible assets

Intangible assets are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method

The group amortizes Intangible assets with a useful life using the straight-line method over the period of 5 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS the Group has elected to continue with the carrying value of all of intangible assets recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

(e) Lease**As a lessee****Operating Lease**

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the group as lessee are classified as operating leases. Payments made under operating leases are

charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(g) Trade receivables

Trade receivables are recognised at the value of sales less allowance for bad and doubtful debts and expected credit loss.

(h) Inventories

Inventories are valued on the following basis:

- a. Raw material, Components, Stores & Spares are valued at lower of cost and net realizable value. However, items of raw material are considered to be realizable at cost if finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on monthly weighted average.
- b. Finished Goods :
 - i. Principal products are valued at lower of cost and net realizable value.
 - ii. By-Products are valued at net realizable value.
- c. Process stock is valued at cost and in cases where the net realizable value of the ultimate product is lower than the cost of production, necessary adjustments in the cost of process stock is made.
- d. Costs of Finished Goods & Process Stock are determined using the absorption costing principles and determined on yearly weighted average. Costs include cost of conversion and other costs incurred in bringing the inventories to their present location & condition."

(i) Investments and other financial assets

(i) Classification

The group classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the group measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

* **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The group subsequently measures all equity investments at fair value. Where the group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the group's right to receive payments is established.

(iii) Impairment of financial assets

The group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(j) Derivative financial instruments

Derivative financial instruments such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(k) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

Preference shares, which are mandatorily redeemable on a specific date are classified as liabilities. The dividends on these preference shares are recognised in Statement of Profit and Loss as finance costs.

(l) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

(m) Provisions and contingent liabilities

Provisions are recognised when the group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

(n) Revenue recognition

Revenue is measured at the value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, discounts, loyalty discount, value added taxes and amounts collected on behalf of third parties.

The group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the group and specific criteria have been met for each of the group's activities as described below.

Sale of goods -

Sales are recognised when substantial risk and rewards of ownership are transferred to customer, in case of domestic sales take place when goods are dispatched or delivery is handed over to transporter/customers, in case of export sales take place when goods are shipped onboard based on bill of lading.

Other operating revenue - Export incentives -

Export Incentives under the, "Duty Draw back Scheme", etc. is accounted in the year of export.

(o) Employee benefits

Defined Contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The present value of the obligation under such plan, is determined based on an actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses arising on such valuation are recognised immediately in the Profit and Loss Account. In case of funded defined benefit plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis. The group has an obligation to make good the shortfall, if any.

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

(p) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(q) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and

losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the group has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the group will pay normal income tax during the specified period.

(r) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the group

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Research and Development

Revenue expenditure, including overheads on Research and Development, is charged out as an expense through the natural heads of account in the year in which incurred. Expenditure which results in the creation of capital assets is taken as Fixed Assets and depreciation is provided on such assets as are depreciable.

(t) New standards and interpretations not yet adopted

Ind AS 115 Revenue from Contracts with Customers:

Ind AS 115, Revenue from Contracts with Customers was initially notified under the Companies (Indian

Accounting Standards) Rules, 2015.

The standard applies to contracts with customers. The core principle of the new standard is that an entity should recognize revenue to depict transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, timing and uncertainty of revenues and cash flows arising from the entity's contracts with customers. The new standard offers a range of transition options. An entity can choose to apply the new standard to its historical transactions and retrospectively adjust each comparative period. Alternatively, an entity can recognize the cumulative effect of applying the new standard at the date of initial application and make no adjustments to its comparative information. The chosen transition option can have a significant effect on revenue trends in the financial statements. A change in the timing of revenue recognition may require a corresponding change in the timing of recognition of related costs.

Amendment to Ind AS 21, Foreign currency transactions and advance consideration:

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 effective from April 1, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The above standard are applicable from 1st April 2018 i.e. Financial Year 2018-19 and no material impact expected on the financial statements.

2 First-time adoption of Ind AS

The Group has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended 31st March, 2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Group has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional Exemptions

(a) Business Combination

All transactions qualifying as business combinations under Ind AS103, occurring before the transition date, the company has opted not to restate any business combinations before the date of transition.

(b) Deemed Cost

The Group has opted para D7 AA and accordingly considered the carrying value of property, plant and equipments and Intangible assets as deemed cost as at transition date.

(c) Investments in subsidiaries, joint ventures and associates

The Group has opted para D14 and D15 and accordingly considered the cost of Investments as deemed cost as at transition date.

(d) Designation of previously recognised financial instruments

“Ind AS 101 allows an entity to designate instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS. The group has elected to apply this exemption for its investment in equity Investments.”

B. Mandatory Exceptions**Estimates**

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

“Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVPL or FVOCI;
- Impairment of financial assets based on simplified approach.”

C. Transition to Ind AS - Reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- I Since the group was not required to prepare consolidated financial statements for the year ended 31st March, 2016, consolidated balance sheet as on 1st April, 2016 and combine cash flow statement for the year ended 31st March, 2017 has not been prepared.
- II. A. Reconciliation of Balance sheet as at March 31, 2017
B. Reconciliation of Statement of total Comprehensive Income for the year ended March 31, 2017.
- III. Reconciliation of Equity as at March, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS. The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

B. Nature and purpose of reserves

- Capital Reserve on Amalgamation** : During amalgamation, the excess of net assets taken, over the cost of consideration paid is treated as capital reserve.
- Security Premium Account** : The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve.

- c) **General Reserve** : The Company has transferred a portion of the net profit of the company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- e) **Retained Earnings** : Retained earnings are the profits that the Company has earned till date, less any transfer to general reserve, dividends or other distribution paid to shareholder.
- f) **Foreign Currency Translation Reserve** : This reserve contains the accumulated balance of foreign exchange differences arising on monetary items that, in substance, form part of the Group's net investment in a foreign operation whose functional currency is other than Indian rupees.
- g) **Items of other Comprehensive income** : Difference between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustment within the plans, are recognised in 'Other Comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.

38 Financial risk management objectives and policies

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Group manages market risk through a treasury departments, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

i. Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

- iii. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the

reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counter party,
- iii) Financial or economic conditions that are expected to cause a significant change to the counter party's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counter party,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements .

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Company categories a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Group continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Note No. 39 Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts."

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
