Evoking Senses, Touching Lives

Flavours and Fragrances have the power to affect our emotions, memories, health and even influence the perception of time. Fragrances create important benefits that are ubiquitous, tangible, and valued. They solve important functional problems and they satisfy valued emotional needs. Fragrances can communicate complex ideas – creating mood, signalling cleanliness, freshness, or softness, alleviating stress, creating well-being, and triggering allure and attraction.

The limbic system, makes up the parts of the brain that play a major role in controlling our memories, behaviours, and emotions. Consequently, the limbic system also controls how we interpret and respond to smells, which explains why the sense of smell is connected to the aforementioned.

An odour has no personal significance until it becomes connected to something that has meaning. Fragrances are added to many products as it makes us feel good. Smell is the only sense that affects the memory and emotion part of the brain. If we feel good when we buy a product then we are likely to continue buying it. This is why many companies add fragrance to their products such as soap, cigarettes, washing powder. Even those in the food industry use fragrance chemicals known as flavours to their products.

Fragrances have been enjoyed for thousands of years and contribute to people's individuality, self-esteem and personal hygiene. Consumer research indicates that fragrance is one of the key factors that affect people's preference for cosmetic and personal care products. There are hundreds of fragrances created every year, in countries all over the world.

Flavours and Fragrances together have the power to delight, to mesmerise, to allure and thus elevate everyday experiences.

Oriental Aromatics

An Integrated Business in Flavours, Fragrances, Speciality Aroma Chemicals and Camphor

For over 6 decades, Oriental Aromatics Ltd. has always been more than a company; It has been a family with a unique heritage of responsible business.

Our Founder, Mr. Keshavlal Bodani was intrigued by the mystique of perfume and thus founded the Flavours & Fragrance (F&F) division of Oriental Aromatics Limited (OAL) back in 1955. Since then, the Company has been nurtured by three generations of the Bodani's, evolving, innovating and keeping the dream alive.

Excellent flavours and fragrance formulations require quality aroma ingredients. OAL is one of the few companies in the global Flavours and Fragrance industry which is back by the ability to develop a diverse basket of creative aroma ingredients which are used to manufacture high-quality flavours and fragrances. This combination of science and innovation has made the Company one of the few integrated players in the industry.

The Company has been a pioneer in Terpene Chemistry in India and is one of the largest manufacturers of a variety of terpene chemicals, camphor and other speciality aroma chemicals, in India. The Company's wide array of products includes Synthetic Camphor, Terpeneols, Pine Oils, Astromusk, perfumery chemicals, specialty chemicals and several other chemicals finding applications in vast array of industries ranging from Flavours & Fragrances, Pharmaceuticals, Soaps & Cosmetics, Rubber & Tyre, Paints & Varnishes and many more.

The Company creates Flavours and Fragrances that reach millions of end consumers, creating positive emotions through the senses of taste and smell. These Flavours and Fragrances have wide range of applications with industries ranging from fine fragrances, personal hygiene, home care, beauty & cosmetics and thus elevating experiences, everywhere, every day!

The OAL team believes that there is no long term value creation without values. These values are embedded in every decision and every step the Company has taken since inception. These values are built around perseverance, hard work and never say die attitude of the team. Led by passion for taste and smell, the Company puts creativity and innovation to work every day to evoke the senses.

Product Portfolio

Through its value chain OAL generates innovative products and solutions created in a sustainable way for its customers and shares the success with stakeholders while shaping a better tomorrow for all.

The Company manufactures wide variety of products that influence consumers' purchase decisions every day.

FRAGRANCE

Backed by the finest ingredients and fuelled by passion OAL produces fragrance formulations with highest levels of creativity and performance to bring the most memorable moments. The aim is to develop fragrances with highest acceptability and thus bringing added dimension to the consumer experience. Your company delivers custom designed fragrances found in fine fragrances, incense sticks, candles, and various FMCG products like soaps, shampoos, hair oils, detergents, etc.

APPLICATIONS

FLAVOUR

Food is a basic need of mankind but one looks forward to a variety, not only on the plate but also in other everyday needs. OAL understands how important flavour is to one's sense of being and therefore consistently innovates to satisfy its customers' evolving needs for different flavours. OAL specialises in custom flavour manufacturing and aims to reinvent the palate of taste. The Company's goal is to constantly elevate everyday experiences by delivering quality flavours used in oral hygiene, instant foods, beverages, health and wellness, dairy and snack foods.

APPLICATIONS

AROMA CHEMICALS

Aroma Chemicals form the building blocks for F&F formulations. Every aroma has a specific need and a unique characteristic, whether it's going to be used to mask, mimic or maximise a taste or smell. OAL is one of the top aroma chemicals manufacturers in India, and exports aroma chemicals across the world. The Company's synthetic aroma ingredients are produced in its own research and manufacturing facilities. The high quality of ingredients used ensures that they retain long-lasting freshness and remain fragrant.

CAMPHOR

Camphor has long enjoyed a prominent place in medicine, but its usefulness in making various other products demonstrated its viability in commerce and which is when it gained popularity. In the last 5 decades there has been a great increase in demand for this product due to its varied uses.

Camphor has a wide variety of topical uses due to its antibacterial, antifungal, and anti-inflammatory properties to treat skin conditions, improve respiratory function, and relieve pain. It is also used for its scent, as an ingredient in cooking (mainly in India), as an embalming fluid, for medicinal purposes, and in religious ceremonies.

Your company OAL is a pioneer in manufacturing synthetic camphor and is one of the largest manufacturers of Camphor in the country.

Message from the Chairman and Managing Director

Dear Shareholders,

I would like to express my gratitude to every shareholder who has been with us in our journey together. It gives me immense pleasure and pride to share with you the performance of your company in the financial year 2019-2020.

During the financial years 2019-20, the Company evolved to be stronger despite the world being hit by a global pandemic. Business continuity, sustainability and de-risking continue to be the mantras for the Company. The Company has been successful in enhancing the synergistic benefits of integration through amalgamation and this has clearly reflected in the financial results of FY20.

On a consolidated basis, in the financial year 2019-20, the Company reported revenues of INR 756 Cr, EBITDA stood at INR 126 Cr which increased by 10% and Net profit was reported at INR 86 Cr, which increased by 51% against the previous financial year. The Company successfully reduced a significant portion of debt through healthy cash flow generation, moreover the Board of Directors recommended an interim dividend of INR 2.5 (50%) per equity share.

Flavour and fragrance being an integral and unavoidable part of our lives, the industry will continue to grow and provide great opportunities to players like us. The FMCG growth continues to be the driver for the F&F industry. With focus on operational efficiencies through process improvements, the Company will continue to increase profitability and thus contribute to the shareholder wealth. The Asia Pacific market for flavours and

fragrances continue to be one of the fastest growing markets in the world. China being a major market for the aroma chemicals industry and the rest of the world working to diversify and reduce its reliance on the country for materials, the Indian Aroma chemicals industry stands at an advantageous position.

With decades of experience that your company holds in the F&F industry, we have a very good understanding of the tastes and preferences of the consumers in the domestic as well as the international markets. Along with this, we have been successful in establishing a sustainable sourcing policy for our raw materials with focus on geographical diversification. Your company has a robust distribution network in place which helps deliver quality products across business verticals. The Company places immense focus on innovation through research and development which has been a critical catalyst for growth.

The Company has a well thought out expansion plan in place for the next 3 years, which will be directed to further strengthening

the aroma chemicals base of the Company with a focus on generic speciality aroma chemicals. This would not only increase our supplies to the global giants in the F&F industry, but also help the Company deliver quality flavours and fragrances at more competitive prices.

On behalf of the entire Oriental Aromatics Team I express my sincere thanks to all our stakeholders for their whole-hearted support in our journey to achieving business excellence. I am confident that with the strength of our core capabilities

and a dynamic team of professionals, your company is well-positioned for a great journey ahead.

Best Wishes,

Dharmil A. Bodani,
Chairman and Managing Director

With decades of experience that your company holds in the F&F industry, we have a very good understanding of the tastes and preferences of the consumers in the domestic as well as the international markets.

CSR Activities

Oriental Aromatics Limited exercises its corporate values as a socially responsible entity, and recognises its responsibility for the impact of its actions on the environment, consumers, employees, communities and stakeholders.

OAL is supportive of community growth and development. Education is a core part of the Company's mission to help resolve the community's toughest problems.

'The Keshavlal V. Bodani Education Foundation' is the extended arm of your Company. OAL shoulders the development of educational facilities for students having learning disabilities through its contribution to the Keshavlal V. Bodani Education foundation.

Keshavlal V. Bodani Education foundation, in association with the Gateway School of New York has established Gateway School of Mumbai which is dedicated to empowering children who find themselves challenged by mainstream educational practices. The

STATUTORY REPORTS

Management Discussion and Analysis

GLOBAL ECONOMY OVERVIEW

The calendar year 2019 started off with rising tensions between the world's two largest economies – US and China. US and China together account for 40% of the global GDP and the trade disputes between them had an adverse effect on the global economy and sentiment overall. This impact was not only seen in the commodities and financial markets (equities, bonds, currencies), but also impacted the output and profitability of firms leading to deterred investment decisions of businesses. However, as the year progressed, market sentiments were boosted by tentative signs on intermittent favourable news on US-China trade negotiations.

If the pain felt across global economies was not enough in 2019, the year ended off on a worse footing with the Corona Virus being first detected in December and quickly spreading across the world. COVID-19 triggered a global health crisis leading to the deepest global recession since the second world war. The baseline forecast envisions a 5.2 percent contraction in global GDP in 2020—the deepest global recession in eight decades, despite unprecedented policy support. Growth forecasts for all regions have been severely downgraded, while many countries have avoided more adverse outcomes through sizable fiscal and monetary policy support measures. Other than essential commodities like Foods, Pharmaceuticals and FMCG, all other sectors across the world were impacted through reduced demand, supply chain disruptions, labour problems, creating a domino effect on the financials and working capital cycles.

INDIAN ECONOMY OVERVIEW

The Indian economy started this financial year on a dull note due to the ongoing liquidity crisis. In order to achieve the governments vision of making India a USD 5 trillion economy by 2025, the finance ministry slashed domestic corporate tax rates to 25.17% in the mid year.

The Current Account Deficit narrowed primarily on account of lower non-oil, non-gold imports and robust services exports supported by software, travel and financial services. India's crude oil import bill fell by 9% Y-o-Y to \$102 billion in 2019-20 on account of price crash; though volumes remained fairly unchanged. Foreign fund outflows and the Fed's grim prognosis for the US

economy further weighed on the rupee as it touched 77 against US dollar in April 2020. The CPI inflation stood at 5.84% YoY in March 2020 higher from 2.86% in March 2019. According to the Indian Budget 2020, the real GDP growth was estimated at 5.0% in the financial year 2019-20 but due to the recent COVID-19 crisis has ensured that FY2021 will be a challenging one for India and the world. As per Fitch ratings, India's GDP growth is likely to slip to 0.8% for FY21.

GLOBAL CHEMICAL INDUSTRY OVERVIEW

The global specialty chemicals market is expected to reach the market value of approximately USD 301 billion by 2026 and is anticipated to grow at a CAGR of around 4.8% in terms of revenue during the forecast period 2019- 2026. The market has witnessed a rebound in the number of mergers and acquisitions over the past few years owing to the rising focus of major players on inorganic growth to fill regional footprint and product portfolio.

Specialty chemicals are a specialty category in the international chemical industry with the ability to improve quality delivering special chemicals and polymers. It is commonly used in various industries, including food, animal feed, agriculture, textiles, printing, household & industrial products, telecommunications, and oil & gas. The factors such as new end-use products, accelerated creativity, demand for efficient and safe chemicals and increasing environmental concerns have given a boost to the specialty chemicals industry and set to grow at an exponential rate.

INDIAN CHEMICAL INDUSTRY OVERVIEW

India is the sixth largest producer of chemicals in the world and also ranks 14th in export and 8th in import of chemicals (excluding Pharmaceuticals products) globally. The domestic demand for chemical products is expected to grow at approximately 9% per annum over the next 5 years. Indian chemical industry employs more than 2 million people. Total production of major chemicals and petrochemicals stood at 27,847 MT during 2018-19 which is a growth of 4.15% over previous year. The specialty chemicals constitute 22% of total chemicals and petrochemicals market in India. As of FY18, the total market size is around USD 35 Bn.

Between 2006 and 2019, the CAGR for Indian chemical companies was 15% a figure much higher than global chemical industry returns (CAGR of 8%) and the overall global equity market (CAGR of 6%). Even between 2016 and 2019, when the Indian economy faced headwinds, the chemical industry maintained returns CAGR of 17%. The demand for speciality chemicals is expected to grow at 12% CAGR from FY2019-22. With regards to geographical demand, shift in production and consumption towards Asian and Southeast Asian countries in all sectors will lead to increased demand for Chemicals and Petrochemicals.

The Covid-19 pandemic has made a lot of companies across the world realise the need to diversify the manufacturing dependence from China to other countries and for the chemical industry, India seems to be the ideal fit. This strategic shift is expected to significantly enhance the growth estimates of the Indian chemical industry over the coming years.

GLOBAL FLAVOUR & FRAGRANCE (F&F) INDUSTRY

The global flavours and fragrances market was valued at US\$ 29.8 Billion in 2019. Looking forward, IMARC expects the market to grow at a CAGR of around 5.1% during 2020-2025 reaching a value of US\$ 40.6 Billion by 2025. The key end users of the flavours industry include beverages, dairy, confectionary, meat, snacks, healthcare, bakery, etc. On the other hand, some of the key end users of the fragrances industry include cosmetics and toiletries, soap and detergents, household cleaners and air fresheners, etc. Asia Pacific held a dominating share in terms of revenue in the global F&F market. The Asia Pacific Flavours and Fragrances Market attained nearly USD 7.35 billion in 2019. The region is expected to be driven by the rising demand from emerging economies in the region like China and India. China is the largest flavours and fragrances market in the Asia Pacific region, accounting for over 40% of the regional market. China was followed by Japan and India as the other significant markets in the region. In the coming years, emerging nations like China and India are projected to witness faster growth than mature markets like Japan. The regional market is being driven by the growing population and the rising middle class. The middle class, especially, is defining the consumption patterns of the region leading to the increasing demand for flavours and fragrances from their major application sectors. The potential for growth of the Asia Pacific market is also leading to increased investment into the region by major global players.

Growth Drivers:

A key driver of the global flavours and fragrances market is catalyzed by a rising global population and increasing urbanization rates, rising incomes, changing lifestyle and increasing consciousness towards physical appearance, has been witnessing a strong growth in personal care products, foods and beverages which in turn are creating a strong demand for flavours and fragrances. Growing awareness among consumers towards hygiene propels the market growth. The recent outbreak of diseases including COVID-19, has increased health awareness among population, leading to frequent hand washes, thereby raising the demand for soaps.

The Asia Pacific flavours and fragrances market is being driven by the growing population and rapid urbanisation. The increase in GDP of the major markets in the region is also aiding the industry. In India, the rising penetration of fragrance-based products like soaps and detergents are aiding the industry. The flavour segment in the Asia Pacific is being driven by the increased consumption of processed foods which require additional flavouring. The segment is also witnessing a rising demand from the beverage sector due to a rising consumption of fruit juices and the consumer demand for unique flavours. The growth in the health and nutrition segment of the food and beverage sector, particularly in the urban areas, is providing a further impetus for the growth of the flavour industry.

The Asia Pacific is the fastest growing beauty market, globally. The fast-rising high-income class in the region is aiding the growth of luxury beauty products, which are propelling the fragrance sector forward. Higher penetration of fine fragrance and deodorants in the Asia Pacific flavours and fragrances market is also aiding the industry. The rising consumption of products such as room fresheners and car perfumes are further propelling the industry forward.

INDIAN FLAVOUR & FRAGRANCE INDUSTRY

The Indian fragrances and flavours industry is projected to grow exponentially in the coming years due to increasing demand for personal care products, brand awareness, growing demand from the middle class due to rising disposable incomes and products now being available at affordable price points. India has made a significant impact in global fragrance oil markets by producing essential oils of menthol mint, sandal wood, jasmine, tuberose, and spices. The Indian market, just like the global F&F market is dominated by the MNCs, with the top 4 global players (Givaudan, IFF, Firmenich and Symrise) constituting over 50% of the market.

Growth Drivers:

Strong end-user growth, driven by increased penetration, rising affordability –

F&F blends

are mainly used by industries like F&B and FMCG. In the recent past, with rising disposable income in India, these segments have seen explosive growth. Penetration of FMCG majors like HUL, P&G in rural areas has also been a significant contributing factor.

Premiumization of FMCG products – Indian consumers are moving towards using high end personal care products like hair gels, lotions, skin creams and so on. These products, on an average, use a higher quality of flavours and fragrances than the usual soaps and detergents. Segments like fruit based drinks and air care market are expected to grow at +30% p.a.

Rising exports – Most of the major F&F houses have manufacturing plants in India from where they supply blends to their customers across the world. Even Indian players like S H Kelkar are increasingly supplying to customers outside India, with exports constituting 35% of their total sales.

Outlook:

OAL has decades of experience in the flavour and fragrance industry and thus is well aware and adapting to the changing customer needs. The company is present in wide range of FMCG products including soap, shampoos, detergents, hair oil, perfumes, cosmetics, air fresheners, etc under the fragrance division as well as biscuits, confectionaries, beverages, ice-creams, chocolates, etc under the flavours segment. Growing demand in the FMCG industry due to increase in per capita spending on food and consumer products in emerging countries are some of the key factors which are expected to boost the company's growth. Further, increased penetration of FMCG products in rural areas, premiumisation of personal care and cosmetic products and higher demand for processed foods is likely to drive growth for the company. In recent times, fragrances used in product categories like soaps, detergents, sanitizer, shampoos, etc have seen a spike in demand and this trend is expected to continue. The company is well prepared to benefit from the opportunities the industry has to offer.

AROMA CHEMICALS INDUSTRY

The global Aroma chemicals market size exceeded \$5.10 billion, globally in 2019 and is estimated to grow at over 6.0% CAGR between 2020 and 2026. Major types of aroma chemical products include benzenoids, terpenoids, and musk chemicals.

These chemical substances are widely used in applications in food & beverage, fine fragrances, cosmetics & toiletries, soaps & detergents and household thus, driving the aroma chemicals market growth.

Aroma chemicals are used in cosmetics and toiletries including aftershave, gels, lipstick, foundation, moisturizer, nail polish, shampoo, body wash, hand wash, mascara, sunscreen and toner. Aroma chemicals for cosmetics and toiletries application accounted for a market revenue of USD 1.08 billion in 2019. These chemicals help to induce natural scent profiles into the product without hindering product formulation and quality.

Terpenoids has been gaining popularity among other segments and is expected to keep major market share because they have the strong odour and are used in various applications such as in perfumery, in alternative medicines such as aromatherapy, as a fragrance ingredient in food and beverages, and essential oils. Musk chemicals are predominantly used in soaps and detergents production to incorporate strong and sweet musk odor. Musk chemicals accounted for a market revenue of USD 234.6 million in 2019. Rising demand for soaps and detergents products owing to increasing consumer awareness towards sanitation should promote the aroma chemicals market growth.

As per market analysis, aroma chemicals for foods & beverages application accounted for a revenue of \$529.4 million in 2019. Aroma chemicals are majorly used in food manufacturing owing to incorporate flavor and to improve product appeal.

Growth Drivers:

Global market for aroma chemicals is expected to grow considerably owing to growing markets in Asia and South America. Growing demand for foods, cosmetics, personal care and household care products is expected to be the major driving factor for the growth of aroma chemicals market. Asia Pacific is expected to be the fastest growing regional market for aroma chemicals. Huge domestic consumption of aroma chemicals in India is expected to be the key driver of the market in this region. Additionally, increasing disposable income and rapid urbanization have increased the demand for processed foods and cosmetics, which in turn is expected to propel the demand for aroma chemicals in the region.

Outlook:

OAL is a firm believer in Research and Development and through consistent efforts, today, is one of the established names in the domestic as well as global aroma chemicals industry. The company is one of the few integrated manufacturers of high value speciality aroma chemicals in the world while the industry enjoys high entry barriers. The company uses over 21 different chemistries for a basket of over 200 aroma chemicals it manufactures. These aroma chemicals help build innovative flavours and fragrances which are used in a wide variety of FMCG products. The company supplies essential aroma chemicals to Flavours and Fragrance manufacturers across the globe including many names for the top 10 in the global F&F industry. The company is also expected to benefit from the rest of the world looking for alternate source of materials under the effort to reduce reliance on China; which is one of the major markets supplying aroma chemicals to the world. With the rising demand for product categories like personal care, home care, instant food, etc. in the FMCG industry, there would be a higher demand for these aroma chemicals in the coming years and OAL is well positioned to capture the upcoming opportunities with the existing capacities as well the planned capital expenditures.

CAMPHOR TABLETS MARKET

The camphor tablets market was valued at US\$ 107 Mn in 2017, and is expected to reach US\$ 163 Mn by 2025, expanding at a CAGR of 7.6% from 2017 - 2025.

Camphor tablets are witnessed to experience high demand from various end-users in the global market. Owing to the benefits provided by camphor for various applications has led to high demand for camphor tablets in the market. Camphor provides high medicinal benefits such as pain and swelling reduction, relief from congestion and cough, relieves worn out muscles, sprains, etc. Growing demand from the pharmaceutical industry has therefore led to high demand for camphor tablets in the market. Pharmaceutical was the leading end-user segment with more than 30% share of global camphor tablets market. The medicinal properties of camphor have led to high demand for manufacturing different types of medicines for different pains and diseases. Camphor tablets are also used in manufacturing wide range of ayurvedic medicines.

OPPORTUNITIES AND THREATS

F&F companies occupy a strong position in the value chain of

consumer staples like food, beverages, and household-care products, as their formulations make up only a minute portion of the final product cost but play a decisive role in the consumer's purchasing decision.

For almost two decades, China has dominated most of the global chemical supply with its continuously improving technology, better infrastructure and favourable government policies. However, the Covid-19, emerging from Chinese region, has put the nation into the red flag zone, leaving consumers across the world to seek alternative venues for their product sourcing. The powering trend of de-risking of input procurement from China by global chemical leaders, offers great export as well as domestic sales opportunity for Indian speciality chemical industry.

In the current situation, rapid spread of COVID-19 has led to a spurt in demand for hygiene products globally, driving up the consumption of personal care products such as hand wash, sanitizers, etc. thus the demand for fragrances in hygiene related products.

On the other hand, rising unemployment, falling consumer demand, disrupted supply chain, factory shutdowns and ultimate restrictions on trade & commerce world over caused by Covid 19 have raised concerns of global economic slowdown.

The Company has evolved as an integrated F&F player due to forward integration of the business, with a strong presence in aroma chemicals. Management believes that the Company will be one of the key beneficiaries of the robust demand scenario in the F&F market on account of amalgamation as well as wide product acceptability.

RISK AND CONCERNS

FMCG slowdown - As we are aware FMCG sector witnessed growth slowdown in FY20, in-line with nominal GDP moderation. The slowdown in FMCG sector is expected to impact the growth rate of F&F Industry since the industry is expected to trail the growth of the FMCG Industry.

Industry Concentration - The F&F Industry is highly competitive and concentrated with large multi-national companies dominating majority of the world market along with strengthening their position in the Indian market making it highly unlikely for the domestic players to replace them in the near future.

Raw Material Price Volatility - Raw material price fluctuation and uncertainty of availability / short supply of raw materials can pose a threat to the financial performance. However, contracts typically include provisions to deal with raw material price changes, such that raw material fluctuations are ultimately passed through to customers.

Foreign Exchange Risks - ~30% of the Company revenues come from exports while the Company imports raw materials for manufacturing of Aroma Chemicals and thus it is exposed to the risk of fluctuations of foreign exchange rates.

INTERNAL CONTROL SYSTEMS AND ITS ADEQUACY:

The Company has put in place necessary internal control system commensurate with its size and nature of business for facilitating accurate, reliable and speedy compilation of financial information, safeguarding the assets and interests of the Company and also ensuring compliance with various laws and rules & regulations thereunder.

The internal control system is designed in such a manner where various risks faced by the Company are identified and assessed. The internal control system provides for well-documented policies, guidelines, authorisations and approval procedures.

Internal Auditors conduct the audit on a regular basis and remedial measures are taken wherever necessary. The Audit Committee of the Board of Directors periodically reviews audit plans, observations and recommendations of the internal auditors as well as of external auditors with reference to significant risk areas, adequacy of internal Controls etc.

DISCUSSION OF FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

During the year under review, Company's consolidated total revenue has marginally increased from INR 75,469 lakh in 2018-19 to INR 75,989 Lakh in 2019-20. Profit after tax increased by 51% from INR 5,714 lakh to INR 8,619 lakh.

The aforesaid increase in profitability is mainly due to better sales realization, higher volumes in speciality aroma chemicals, reduction in raw material prices and also operational efficiency brought about through better and optimum utilisation of resources and proper implementation of business policies, plans and strategies.

For Standalone Performance and Consolidated performance the members may refer the Board's report.

HUMAN RESOURCES / INDUSTRIAL RELATIONS:

Our employees are our greatest asset and we are committed to attract, retain and recognise talent. We believe in providing our employees career growth while boosting a collaborative and fair working environment. We encourage fresh minds and new ideas. The Company constantly facilitates and encourages its employees at all levels to enhance their knowledge and skills and continuously seeks to inculcate within its employees, a strong sense of business ethics and social responsibility.

The industrial relations in manufacturing units of the Company continued to be cordial throughout the year. The Company had arranged seminars and workshops for its work force for their development and to equip them to adapt to the fast-changing environment. In-house training programs are also conducted to enable the workforce to acquire necessary skills and update their knowledge. Necessary training and orientation in this regard is done on a regular basis. Your Company continuously benchmarks HR policies and practices with the best in the industry and carries out necessary improvements to attract and retain talent and build intellectual capital.

The total number of permanent employees in the Company are 653 as on 31st March, 2020.

2. OPERATIONAL PERFORMANCE/STATE OF COMPANY'S AFFAIRS:

a. Standalone Performance:

During the year under review, the revenue from operations of your Company stood at ₹ 75,943.01 Lakh as against ₹ 75,255.35 lakh for the previous year, showing a marginal increase of 0.91 %.

The Company earned a Profit after tax of ₹ 8,675.47 Lakh as against ₹ 4,987.87 lakh for the previous year, thereby registering a growth of 74%.

The Company managed to register the aforesaid growth mainly due to better sales realization, higher volumes in speciality aroma chemicals, reduction in raw material prices and also operational efficiency brought about through better and optimum utilization of resources and proper implementation of business policies, plans and strategies. Despite reduction in the raw material prices the company was able to hold on the selling prices which improved the margins.

Due to increase in the profit, the Earning per share (EPS) increased from ₹ 14.82 in the previous year to ₹ 25.78 in the year under review.

The net worth of your Company increased to ₹ 41,616.03 Lakh at the end of the FY 2020 from ₹ 34,434.69 lakh at the end of FY 2019, thereby registering a growth of 20.85%.

Your Company performed well during the year by efficiently managing the resources, which resulted into improved performance and increase in profit and EPS.

b. Consolidated Performance:

The consolidated total sales of your Company for the FY 2019-20, stood at ₹ 75,989.45 lakh as against ₹ 75,468.57 lakh, showing a marginal increase of 0.69 %

The Company earned a Consolidated Profit after tax of ₹ 8,618.88 lakh as against ₹ 5,714.32 lakh for the previous year, thereby registering a growth of 50.83 %.

As a result of increase in the consolidated profit, the Earning per share (EPS) also increased from ₹ 16.98 in the previous year to ₹ 25.61 in the year under review.

The Consolidated net worth of your Company increased to ₹ 41,649.53 lakh at the end of the FY 2019-20 from ₹ 34,427.96 lakh at the end of FY 2018-19, thereby registering a growth of 20.97%

Your Company continues to focus on value maximization and bringing greater efficiency in overall business including economies of scale and cash flow management.

c. Business Impact Of COVID-19:

In the last month of FY 2020, unfortunately the COVID-19 pandemic developed rapidly into a global crisis, forcing governments to enforce lock-downs of all economic activity. The Company had suspended operations at all its offices and manufacturing locations in India with effect from 23rd March, 2020, to ensure the safety of its employees and their families and to contain the spread of Coronavirus (COVID-19). In view of the same initially the operations faced disruptions at its manufacturing facilities however the Company was able to resume operations soon due to the increasing demand for essential services. The Company resumed operations at all its manufacturing facilities in a phased manner with permission from the local administration to begin work. It put in place comprehensive protocols on social distancing in all its plants ensuring the safety, health and well-being of its employees.

Company's Registered/corporate office at Mumbai has been under lockdown since 23rd March, 2020, however, company has set up infrastructure and systems for smooth operations for personnel working from home, with a primary objective of ensuring the health and well-being of its employees. The Company has been proactive to tackle the challenges that have emerged due to the COVID-19 pandemic.

Your Company remains committed to the fight against the pandemic and is catering to the needs of "essential services" and it continues to take all necessary steps in protecting the interests of its customers, suppliers and most importantly its entire team that is working tirelessly to make sure that all the businesses stay operational during these difficult times. During the FY 2019-20, the Company evolved to be stronger despite the world being hit by a global pandemic.

The Company's focus on value maximization, supported by optimal use of its manufacturing facilities, its expansion plans and an efficient team would help in navigating any challenges in the current environment and after math of COVID-19 pandemic. Your Directors believe that Company's efforts towards being better every day will drive lasting value for all our stakeholders, and usher in a stronger tomorrow for everyone.

However due to the nature of the pandemic, its uncertain to predict the impact of COVID-19 in the near future.

3. DIVIDEND:

Your Directors had based on Company's performance, declared an Interim Dividend of ₹ 2.5/- per share (50%) on the Paid up Equity shares of face value of ₹ 5/- each of the Company amounting to ₹ 8,41,33,940/- (Rupees Eight Crore Forty-One Lakh Thirty-Three Thousand Nine Hundred and Forty only) for the FY 2019-2020 to those members whose names appeared on the Register of Members of the Company on the 20th March, 2020, being the Record date for payment of Interim Dividend.

Your Directors after considering various external factors in correlation to impact of unprecedented COVID-19 pandemic as well as internal factors such as the long-term growth strategy of the Company and the liquidity position including working capital requirements, have deemed it prudent not to recommend any final dividend on equity shares for the year ended 31st March, 2020.

4. TRANSFER TO RESERVES:

Your Directors do not propose to transfer any amount to reserves for the FY ended 31st March, 2020.

t. Share Transfer System:

Equity Shares sent for transmission/name deletion etc. except transfer in physical form are normally registered by our Registrar and Share Transfer Agent within 15 days of receipt of the documents, if documents are found in order. Shares under objection are returned within two weeks. The Board has delegated the authority for approving transmissions, name deletion etc. of the Company's securities to the Share Transfer Committee. The decisions of Share Transfer Committee are placed at the next Board Meeting.

The Company obtains from CS Shreyans Jain of Shreyans Jain & Co., Practicing Company Secretary, half-yearly Certificate of Compliance with share transfer formalities as required under Regulation 40(9) of the Listing Regulations and files a copy of the said Certificate with the stock exchange.

Shares held in dematerialized form are electronically traded in the depository and the registrar and share transfer agent periodically receives from the depository the details of beneficiary holdings so as to update the records for sending all corporate communications and other matters.

u. National Electronic Clearing Service (NECS) Facility:

The Company, with respect to payment of dividend to shareholders shall endeavour to remit the dividend payment through National Electronic Clearing Service (NECS) to the shareholders having accounts with Branches of Banks covered under CBS (Core Banking Solution).

Equity Shareholders holding shares in physical form, who wish to avail the NECS facility, may send their NECS mandate to the Company's R & T Agent, in the event they have not done so earlier. Equity Shareholders holding shares in electronic mode may send the NECS mandate form to the concerned Depository Participant (DP) directly.

v. Transfer of unclaimed/unpaid dividend to the Investor Education protection Fund (IEPF):

Under the provisions of Section 124 of the Companies Act 2013, amounts that remain unclaimed for a period of seven (7) years are to be transferred to the Investor Education and Protection Fund (IEPF) administered by the Central Government. Members can check the details of the unclaimed dividend amount on the website of the Company: www.orientalaromatics.com. The said information is also available on the Ministry of Corporate Affairs website www.mca.gov.in.

FINANCIAL STATEMENTS

Independent Auditor's Report

To the Members of Oriental Aromatics Limited Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Oriental Aromatics Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2020, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significant in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
1.	<p>Goodwill on Amalgamation - Impairment : The Company is required to annually test the amount of goodwill for impairment. This annual impairment test was significant to our audit because the balance of ₹ 4,497.92 lakh, relating to a cash generating unit, is material to the financial statements. Besides, the assessment process is judgmental by nature as it is based on assumptions on future market and/or economic conditions. The assumptions used included future cash flow projections, discount rates, perpetuity and sensitivity analysis.</p>	<p>Our audit procedures in relation to management's impairment assessment included:</p> <ul style="list-style-type: none"> - Assessing the valuation methodology and obtained understanding of the process followed by the management for determining the recoverable amount of the cash generating unit for which the goodwill is recognized. - Tested the inputs used in the Model by examining the underlying data and validating the future projections by comparing past projections with actual results, including discussions with management relating to these. - Tested the discount rate and long-term growth rates used in the forecast including comparison to economic and industry forecasts where appropriate - Performed sensitivity analysis on these key assumptions to assess potential impact of downside in the underlying cash flow forecasts and assessed the possible mitigating actions identified by management. - We also assessed the disclosures provided by the Company in relation to its annual impairment test in Note no. 49 to the standalone financial statements. <p>These procedures performed, gave us a sufficient evidence to enable us to rely on the accounting for goodwill impairment for the purpose of our audit of the Standalone financial statements.</p>

2.	<p>Inventory – existence and valuation</p> <p>As at March 31, 2020, the Company held inventories of ₹ 16,234.42 Lakh. [Also, refer Note no. 9 of the standalone financial statements]</p> <p>Inventories existence and valuation was an audit focus area because of nationwide lockdown imposed by the Government of India in view of pandemic coronavirus (COVID 19). As explained by the Management, due to COVID 19 related restriction on account of nationwide lockdown, physical verification of inventories, lying at various locations as on the Balance sheet date couldn't be carried out. We have accordingly designated this as a focus area of the audit.</p>	<p>Audit procedures performed:</p> <p>We have performed following alternative audit procedures over inventory existence and valuations.</p> <ul style="list-style-type: none"> (a) Ensuring the effectiveness of the design, implementation and maintenance of controls over changes in inventory to determine whether the conduct of physical inventory verification at a date other than the date of the financial statement is appropriate and testing of those controls whether those have operated effectively. (b) Performing procedures to ensure that the changes in inventory between the last verification date and date of the Balance sheet are properly recorded (Roll back procedures) (c) Performing substantive analytical procedures to test the correctness of inventory existence and valuation (d) Testing of accuracy of inventory reconciliations with the general ledgers at period end, including test of reconciling items <p>The procedures performed gave us a sufficient evidence to conclude about the inventory existence and valuation.</p>

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report and Corporate Governance report but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Annual Report 2019-20

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) To evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. Pursuant to the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of the Oriental Aromatics Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity’s assets that could have a material effect on the financial statements and (4) also provide us reasonable assurance by the internal auditors through their internal audit reports given to the organization from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the best of our information and according to the explanations given to us, the Company has, broadly in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the standalone financial statements As at and for the Year Ended 31st March, 2020

(All amounts are in ₹ Lakh, unless stated otherwise)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

I. Background and Operations

Oriental Aromatics Limited is a Public limited company and based at Mumbai, Maharashtra, India. It is incorporated under Companies Act, 1956 and its shares are listed on BSE Limited and National Stock exchange of India Limited. The Company is engaged in business of manufacturing Fine chemicals i.e. camphor, perfumery & specialty aroma chemicals, fragrances and flavours.

II. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 ("the Act") read with of the Companies (Indian Accounting standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) certain financial assets and liabilities that is measured at fair value;
- 2) assets held for sale - measured at fair value less cost to sell;
- 3) defined benefit plans - plan assets measured at fair value;

(iii) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Companies Act, 2013.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised. Any revision to accounting estimates is recognised prospectively in current and future periods.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and judgments that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

- i. Contingent Liabilities
- ii. Measurement of defined benefit obligations

(c) Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Capital Work-in-progress

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, less any recognised impairment loss. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for intended use.

Expenditure incurred during developmental and preliminary stages of the Company's new projects, are carried forward. However, if any project is abandoned, the expenditure relevant to such project is written off through the natural heads of expenses in the year in which it is so abandoned.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on a Straight Line Method, over the estimated useful lives of assets. Leasehold land is amortised over period of lease. Leasehold improvements are amortised over the period of lease or estimated useful lives which ever is lower.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(d) Intangible assets

Intangible assets are stated at cost, less accumulated amortisation and impairments, if any.

Amortisation method

The group amortizes Intangible assets with a useful life using the straight-line method over the period of 3 to 5 years from the date of acquisition.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease

As a lessee

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

(g) Contract balances:

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due). Trade receivables are recognised at the value of sales less allowance for bad and doubtful debts and expected credit loss.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract.

(h) Inventories

Inventories includes Raw Material, Work-in-Progress, finished goods, Stores & spares, Consumables and Packing Materials are valued at lower of cost and net realisable value.

Raw Materials – Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using First in first out (FIFO) basis.

Finished/Semi-Finished Goods – cost includes cost of direct material, labour, other direct cost and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average cost basis/moving average cost.

Stores, Spare Parts, Consumables, Packing Materials etc. – cost is determined on FIFO basis.

(i) Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* **Fair value through profit and loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

Equity instruments:

The company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the Company's right to receive payments is established.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

(j) Derivative financial instruments

Derivative financial instruments such as forward currency contracts, option contract and cross currency swap, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(k) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(l) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to revenue.

(m) Provisions and contingent liabilities

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

(n) Revenue from Contracts with Customers

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any. The Company considers whether there are other promises in the contract that are separate performance obligations to which the transaction price needs to be allocated.

Sale of goods -

Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Other operating revenue - Export incentives -

Export Incentives under the, "Duty Draw back Scheme", etc. is accounted in the year of export.

Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

(o) Employee benefits

Defined Contribution Plans such as Provident Fund etc., are charged to the Profit and Loss Account as incurred.

Defined Benefit Plans - The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and

(b) Net interest expense or income

Re-measurement comprising of actuarial gains and losses arising from:

- (i) Re-measurement of Actuarial(gains)/losses
- (ii) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (iii) Re-measurement arising because of change in effect of asset ceiling are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Other Long term Employee Benefits are recognised in the same manner as Defined Benefit Plans.

Termination benefits are recognised as and when incurred. However, the termination benefits which fall due more than twelve months after the Balance Sheet date are discounted using the yield on Government Bonds.

(p) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(q) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the company will pay normal income tax during the specified period.

(r) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(s) Research and Development

Revenue expenditure, including overheads on Research and Development, is charged out as an expense through the natural heads of account in the year in which incurred. Expenditure which results in the creation of capital assets is taken as Fixed Assets and depreciation is provided on such assets as are depreciable.

(t) Cash Flow Statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated

(u) Exceptional Items

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

(v) Dividend

The Company recognizes a liability to pay dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company i.e. when the dividend distribution is being approved by the shareholders. A corresponding amount is recognized directly in equity.

(w) Segment Report

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker(CODM).

The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

(x) Recent Accounting Developments

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable for future periods.

40 Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a finance committee, which evaluates and exercises independent control over the entire process of market risk management. The finance committee recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this finance committee include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

i. Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

iii. Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements .

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

Impact of COVID-19

In March 2020, the WHO declared the COVID-19 outbreak as a pandemic which continues to spread across the country. On 25th March, 2020, the Government of India has declared this pandemic a health emergency, ordered temporarily close of all non-essential businesses, imposed restrictions on movement of goods/material, travel, etc. As the nature of business performed by the Company majorly fell under non-essential category, these restrictions had substantially reduced its operations at various plants between 25 to 40 days. The Company has since, after receiving applicable permissions, commenced operations including despatch of goods to its' customers at all of its manufacturing facilities and scaling up the same gradually.

On Assessment by the management, post the commencement of operation at all facilities, the impact of this pandemic on its business operations, liquidity and financial position and based on current indicators and economic conditions there is no material impact on its financial statements for the year ended March 31, 2020. However, the impact assessment of COVID-19 is a continuing process and the Company will continue to monitor any material changes to future economic conditions.

41 Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

Notes to the standalone financial statements As at and for the Year Ended 31st March, 2020

(All amounts are in ₹ Lakh, unless stated otherwise)

The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

43 LEASES

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Effective April 1, 2019, the Company has adopted Ind AS 116 "Leases" using modified retrospective approach. The Company's lease asset classes primarily consist of leases for buildings and vehicles. These leases were classified as "Operating Leases" under Ind AS 17. On transition to Ind AS 116 "Leases", for these leases, lease liabilities were measured at the present value of remaining lease payments, discounted at the Company's incremental borrowing rate as at April 01, 2019. Right to Use if measured either at an amount equal to the lease liability adjusted by the amount of any prepaid or accrued lease payments.

Due to transition, the nature of expenses in respect of operating leases has changed from "lease rent" to "depreciation cost" and "finance cost" for the right-to-use assets and for interest accrued on lease liability respectively, and therefore, these expenses for the current year are not comparable to the previous years, to that extent.

The Company has used following practical expedient, when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17.

- The company didn't recognized Right to Use and Lease liabilities for lease for which the lease terms ends within 12 months on the date of initial transition and low value assets
- The Company excluded initial direct cost from measurement of the Right to Use assets at the date of initial application.
- The Company uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The weighted average lessee's incremental borrowing rate applied to the lease liabilities is 9%.

The difference between the lease obligation under Ind AS 17 and the value of the lease liability is primarily on account of inclusion of extension and termination options reasonably certain to be exercised in measuring the lease liability in accordance with Ind AS 116 and discounting the lease liabilities to the present value under Ind AS 116

E. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Particulars	As at	
	31.03.2020	31.03.2019
Financial Assumptions		
Discount rate	6.04%	7.59%
Salary Escalation Rate	6.00%	6.00%
Number of Active Members	654	611
Per Month Salary For Active Members	117.19	102.61
<i>Weighted Average Duration of the Projected Benefit Obligation</i>	7	6

Demographic Assumptions

Mortality in Service : Indian Assured Lives Mortality (2006-08) Ultimate table Mortality in Retirement : LIC Buy-out Annuity Rates & UK Published PA (90) Annuity Rates suitably adjusted for Indian Lives.

F. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Current Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	PVO DR+1%	513.90	571.84
Salary Escalation Rate	PVO ER+1%	569.77	515.00
Employee Turnover	PVO ET+1%	540.76	541.30

Previous Year	Change in assumption	Increase in assumption	Decrease in assumption
Discount rate	PVO DR+1%	489.49	532.22
Salary Escalation Rate	PVO ER+1%	531.13	490.10
Employee Turnover	PVO ET+1%	507.21	511.79

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

49 Impairment testing of Goodwill on Amalgamation

Goodwill on amalgamation of ₹ 4497.72 Lakh is relating to the merged business of its fragrance and flavours division ('CGU').

Goodwill is not amortised, instead it is tested for impairment annually or more frequently if indicators of impairment exist. The recoverable amount is determined based on value-in-use calculation which require the use of certain assumptions. The calculation use cash flow projections based on management approved cash flow projections for the 3-5 years period. Cash flow post that is extrapolated using the estimated growth rates.

As a result of impairment test for the year ended 31st March 2020, no goodwill impairment was identified as the fair value of the CGUs to whom goodwill is relating to exceed their respective carrying amount. An analysis of the sensitivity of the changes in key parameters (cash flows, Discount rate and Long term average growth rate), based on reasonable probable assumptions, did not result in any probable scenario in which the recoverable amount of the CGU's would decrease below the carrying amount.

Key assumption used as at March 31, 2020

Discount rate – 11.5%

Terminal Growth rate – 5%

50 Fire Insurance Claim Fire Insurance Claim

Independent Auditor's Report

To The Members of
Oriental Aromatics Limited
 (Formerly known as Camphor and Allied Products Limited)

Opinion

We have audited the accompanying financial statements of Oriental Aromatics Limited ("the Parent Company"), its subsidiaries (hereinafter to be referred as "the Group") which comprises of consolidated Balance Sheet as at March 31, 2020, the consolidated statement of Profit & Loss (including other comprehensive income), the consolidated Statement of changes in equity and the consolidated Statement of cash flow for the year than ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2020, its profits (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
1.	<p>Goodwill on Amalgamation - Impairment :</p> <p>The Company is required to annually test the amount of goodwill for impairment. This annual impairment test was significant to our audit because the balance of ₹ 4,497.92 lakh, relating to a cash generating unit, is material to the financial statements. Besides, the assessment process is judgmental by nature as it is based on assumptions on future market and/or economic conditions.</p> <p>The assumptions used included future cash flow projections, discount rates, perpetuity and sensitivity analyses.</p>	<p>Our audit procedures in relation to management's impairment assessment included:</p> <ul style="list-style-type: none"> - Assessing the valuation methodology and obtained understanding of the process followed by the management for determining the recoverable amount of the cash generating unit for which the goodwill is recognized. - Tested the inputs used in the Model by examining the underlying data and validating the future projections by comparing past projections with actual results, including discussions with management relating to these. - Tested the discount rate and long-term growth rates used in the forecast including comparison to economic and industry forecasts where appropriate - Performed sensitivity analysis on these key assumptions to assess potential impact of downside in the underlying cash flow forecasts and assessed the possible mitigating actions identified by management. - We also assessed the disclosures provided by the Company in relation to its annual impairment test in Note no. 49 to the standalone financial statements. <p>These procedures performed, gave us a sufficient evidence to enable us to rely on the accounting for goodwill impairment for the purpose of our audit of the Standalone financial statements.</p>

2.	<p>Inventory – existence and valuation</p> <p>As at March 31, 2020, the Group held inventories of ₹ 16,234.42 Lakhs. [Also, refer Note no 7 of the consolidated financial statements]</p> <p>Inventories existence and valuation was an audit focus area because of nationwide lockdown imposed by the Government of India in view of pandemic coronavirus (COVID 19).</p> <p>As explained by the Management, due to COVID 19 related restriction on account of nationwide lockdown, physical verification of inventories, lying at various locations as on the Balance sheet date couldn't be carried out.</p> <p>We have accordingly designated this as a focus area of the audit.</p>	<p>Audit procedures performed:</p> <p>We have performed following alternative audit procedures over inventory existence and valuations.</p> <ul style="list-style-type: none"> (a) Ensuring the effectiveness of the design, implementation and maintenance of controls over changes in inventory to determine whether the conduct of physical inventory verification at a date other than the date of the financial statement is appropriate and testing of those controls whether those have operated effectively. (b) Performing procedures to ensure that the changes in inventory between the last verification date and date of the Balance sheet are properly recorded (Roll back procedures) (c) Performing substantive analytical procedures to test the correctness of inventory existence and valuation (d) Testing of accuracy of inventory reconciliations with the general ledgers at period end, including test of reconciling items <p>The procedures performed gave us a sufficient evidence to conclude about the inventory existence and valuation.</p>

Information Other than the Consolidated Financial Statements and auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including its Associates in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

- (a) We did not audit the financial statements of 2 subsidiaries (for the year ended March 31, 2019 - 1 subsidiary) included in the consolidated financial statements of the Group whose financial statements reflects total assets of ₹ 632.82 lakh as at March 31, 2020 (as at March 31, 2019 ₹ 209.46 lakh); total revenue of ₹ 87.68 lakhs, net loss of ₹ 36.83 lakhs and net cash inflow of ₹ 346.64

lakh for the year ended 31 March, 2020 (revenue of ₹ 633.13 lakh, net loss of ₹ 185.87 lakh and net cash flow of ₹ 40.87 lakh for the year ended March 31, 2019), as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associates, is based solely on the report of other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

Notes to the consolidated financial statements for the Year Ended 31st March, 2020

(All amounts are in ₹ Lakh, unless stated otherwise)

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

A. General Information :

The consolidated financial statements comprise financial statements of Oriental Aromatics Limited (“the Parent Company”) and its subsidiaries (hereinafter referred to as “the Group”) for the year ended 31st March, 2020.

The Parent Company is a Public limited company and based at Mumbai, Maharashtra, India. It is incorporated under Companies Act, 1956 and its shares are listed on BSE Limited and National Stock exchange of India Limited. The Company is engaged in business of manufacturing Fine chemicals i.e. camphor, perfumery & specialty aroma chemicals, fragrances and flavours.

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES :

I. Statement of compliance:

The Consolidated financial Statements of the Group which comprise the Balance Sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended 31st March, 2020, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as Consolidated Financial Statements') have been prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter ('Ind AS'), the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Consolidated Financial Statements have been approved by the Board of Directors in its meeting held on 29th June, 2020.

II. PRINCIPLES OF CONSOLIDATION

(i) Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

(ii) The acquisition method of accounting is used to account for business combinations by the group.

(ii) Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Deferred tax asset has been created on unrealized stock reserve.

(iii) Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit or loss, statement of comprehensive income, statement of changes in equity and balance sheet respectively.

(iv) The group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in a separate reserve within equity attributable to owners of the Company.

(v) When the group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

III. Foreign currency transactions

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates

Notes to the consolidated financial statements for the Year Ended 31st March, 2020

(All amounts are in ₹ Lakh, unless stated otherwise)

prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

On disposal of foreign operations (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Group are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

- IV** For other accounting policies - Refer significant accounting policies mentioned in the standalone financial statement.

Notes to the consolidated financial statements As at and for the Year Ended 31st March, 2020

B. Nature and purpose of reserves

- a) Capital Reserve on Amalgamation : During business combination, the excess of net assets taken over the cost of consideration paid is treated as capital reserve.
- b) General Reserve : The General reserve is created by way of transfer of profits from retained earnings for appropriation purposes. This reserve is utilised in accordance with the provisions of the Act.
- c) Retained Earnings : Retained earnings are the profits that the Company has earned till date, less any transfer to general reserve, dividends or other distribution paid to shareholder.
- d) Foreign Currency Translation Reserve : This reserve contains the accumulated balance of foreign exchange differences arising on monetary items that, in substance, form part of the Group's net investment in a foreign operation whose functional currency is other than Indian rupees. Exchange differences previously accumulated in this reserve are reclassified to profit or loss on disposal of the foreign operation.
- e) Items of other Comprehensive income : Difference between the interest income on plan assets and the return actually achieved, and any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustment within the plans, are recognised in 'Other Comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss.
