The said Resolution/Authorization shall be sent to the Company at cs@fairchem.in. Institutional investors are encouraged to attend and vote at the meeting through VC.
4. In case of joint holders attending the meeting, only such joint holder who is higher in the order of names as per the Register of Members of the Company will be entitled to vote.
5. The Company has fixed Monday, July 29, 2024 as the “Record Date” for determining entitlement of Members to final dividend for the financial year ended March 31, 2024, if approved at the AGM.
6. The Notice of the Annual General Meeting along with the Annual Report for the year ended on March 31, 2024 is being sent only by electronic mode to those Members whose email addresses are registered with the Company/ Depositories/ RTA in accordance with the aforesaid MCA Circular dated September 25, 2023 and circular issued by SEBI dated October 7, 2023. Members may note that the Notice of 5th Annual General Meeting and Annual Report for the period ended on March 31, 2024 will also be available on the Company’s website at www.fairchem.in, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of LIPL at <https://instavote.linkintime.co.in>. Member can attend and participate in the Annual General Meeting through VC/OAVM facility only.
7. Members attending the meeting through VC/OAVM shall be counted for the purposes of reckoning the quorum under Section 103 of the Act.
8. **VOTING THROUGH ELECTRONIC MEANS**
 - In compliance with the provisions of Section 108 of the Act and Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide the members with the facility to exercise their right to vote at the 5th Annual General Meeting by electronic means and the business may be transacted electronically through the facility of casting the votes by the members using an electronic voting system from a place other than venue of the AGM (“remote e-voting”) as provided by LIPL.
 - The facility for electronic voting system shall also be made available at the 5th Annual General Meeting. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OLEO CHEMICALS AND NUTRACEUTICALS:

The Industry Structure and Developments:

OLEO CHEMICALS:

Oleo Chemicals are preferred since they are produced from biological fats or oils i.e. natural sources. The demand for biodegradable chemicals is supporting oleo chemicals market. Fatty Acids, methyl esters and fatty alcohols are major oleo chemicals manufactured in India. The Company is mainly in the business of Fatty Acids which is one of the largest segments in Oleo Chemicals. Dimer Acid, Linoleic Acid / Soya Fatty Acid, Isostearic Acid, other Distilled Fatty Acids are the main products of the Company in Oleo Chemical segment.

Dimer Acid: No organized data pertaining to demand / consumption of Dimer Acid in India is available. However, since the Company is in the business of this product now for more than two decades, it is largely aware of the industrial users of the same. The company also tracks the import data from China as Chinese suppliers are the main competitors for the Company. Based on Company's analysis, the Company continues to maintain its leadership position in Indian market by virtue of its pricing strategy, timely service, quick supply and fair terms of payment and quality product. Dimer Acid is a prime product of the Company which is made by processing blend of different raw materials. About 3 years back, the Company has internally developed a process which gives it optimum yield from processing of such blend. During the financial year under review, the company was able to maintain its share in the domestic market of Dimer Acid and hopes to improve on the same in coming quarters. The Company has also been able to develop export market and that too in U.S.A. for its Dimer Acid and hope to gradually increase the export during financial year 2024-25.

Dimer Acid is used for making two kinds of polyamides i.e. Non-reactive and Reactive. Non-reactive polyamides are used by manufacturers of printing inks, adhesives, paper coatings, etc. Rising demand from industries such as printing inks, adhesives and paper coatings may drive global dimer acid market size for non-reactive polyamide resins. The demand for Reactive polyamide resins application will be driven by increasing surface coatings & adhesives demand in marine and construction.

Linoleic Acid / Soya Fatty Acid:

About 5 years back, the Company had worked on improvement in quality of this product and as a result was able to push the sales of said product. The end use of both - Linoleic Acid and Soya Fatty Acid - is same i.e. for making Alkyd Resins which in turn is used in making paints. During the period of last 12 months, the Company has been able to sell these products to another Indian customer for altogether different application and again it appears to be long term in nature.

Isostearic Acid:

During the year, the Company introduced an in-house developed high value new product viz. Isostearic Acid mainly used in Lubricants and Cosmetics industry. As per the available data, there are very few, say 6 to 7, manufacturers of this product globally and our Company is the first Indian and perhaps the first Asian company to successfully make it with internationally acceptable quality without importing any technology or taking help of any external specialist / consultant for the same. The Company expects to do good business with quite remunerative prices for this product in markets of Europe and U.S.A. in coming period.

INTERMEDIATE NUTRACEUTICALS:

The word Nutraceutical is derived from two words viz. 'Nutrition' and 'Pharmaceutical'. When used in food, it provides health and nutrition benefits in addition to basic nutrition value present in food items. The consumers are now more health conscious and better informed about such nutritional products. The Company is in the business of (natural) Tocopherols and Sterols – intermediate nutraceuticals and they are exclusively exported. Tocopherols have anti-oxidant properties. Tocopherols, after they are further concentrated by customers, are then used in (a) Pet Food, (b) food as it prevents rancidity. Tocopherols when converted into Natural Vitamin E finds the application in Pharmaceutical, cosmetic etc. Sterols after they are further concentrated, finds its use in making of Cortico Steroids and as food additive.

Due to unremunerative prices of the product exported by the Company, being intermediate in nature vis-à-vis price expectation of Indian suppliers of its specific raw material, the Company did limited business of this stream during the F.Y. 2023-24 also. The Company has decided to continue with this limited business so that in future when there is an opportunity to upgrade the streams of Tocopherols and Sterols, the same can be explored immediately.

Strengths, Opportunities and Threat:

The major strength in Oleo Chemical business is Company's ability to process by-products having no technical specifications and make higher grade fatty acids and intermediate nutraceuticals meeting stringent quality standards. In fatty acids, the Company enjoys leadership position in its area of business. Another advantage in favour of the Company is its strong customer and supplier relationship of more than 26 years.

Ideally, there is a place for one company in this business of Oleo Chemicals and Nutraceuticals in India due to limited availability of the main raw materials within India. The import of the said raw material with applicable basic import duty is not a very viable proposition at current prices of raw materials as well as prime finished products obtained therefrom.

HUMAN RESOURCE MANAGEMENT:

Out of all the resources, human capital is of immense importance which may decide overall growth of Oleo Chemicals business. Human capital has the inherent capacity of delivering more than 100 % unlike other resources. During the year, the industrial relations were very cordial. As at March 31, 2024, the Company had 227 employees on the payroll of the Company.

OUTLOOK:

The outlook of Oleo Chemicals business appears to be promising. The Company is continuously working on process optimization and strives to explore the ways to beat the inflation and thereby maintain / reduce per unit processing cost. This is one area where the Company benefits without any corresponding loss to either its customer or supplier of raw material and so this benefit is permanent.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

There are adequate internal control systems for financial reporting. Internal audit has been done by a firm of Chartered Accountants. The Company is continuously exploring to strengthen its internal control either based on feedback of statutory / internal auditors or based on the need felt from day to day operations. With effect from December, 2018, entire finance dept. is shifted to the office at works and so now all the employees of the Company are at single location. This has its own advantages. The switch over by the Company from Tally ERP to SAP B1 software w.e.f. January 01, 2023 has helped in strengthening internal control systems.

Computation of Ratio and significant changes therein				
No.	Ratios	F.Y. 2023-24	F.Y. 2022-23	Change (%)
1	Debtors Turnover Ratio	12.56	12.11	4%
2	Inventory Turnover Ratio	6.75	7.11	- 5%
3	Interest Coverage Ratio	13.88	10.36	34%
4	Current Ratio	5.10	2.22	130%
5	Debt Equity Ratio	0.03	0.19	- 84%
6	Operating Profit Margin (%)	10.86%	11.16%	3%
7	Net Profit Margin (%)	6.55%	6.72 %	- 3%
8	Return on Net Worth (%)	14.73%	17.92%	- 18%

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios:

- a) The rise in Interest Coverage Ratio by 34% is due to robust financial position of the Company thereby resulting into lesser average utilization of credit limits during the year which in turn resulted in lesser interest cost by more than 30% on Y-o-Y basis.
- b) The significant rise in the Current Ratio is due to substantial decrease in current liabilities mainly aided by significant reduction in current borrowings as at the Balance Sheet date. This again is due to fairly good cash generation from operations.
- c) The significant fall in the Debt Equity Ratio is also due to the reasons mentioned in previous points.

DIRECTORS' REPORT

To

The Members,

Your Directors are indeed pleased to present the Fifth Annual Report along with Audited financial statements of the Company for the financial year ended March 31, 2024. These financial statements have been prepared in accordance with Indian Accounting Standards (Ind-AS) as required under The Companies Act, 2013.

FINANCIAL RESULTS:

(Rupees in Lakhs, unless otherwise stated)

	For the year ended on 31-03-2024	For the year ended on 31-03-2023
(1) Total Income	62,260.65	64,871.66
(2) Profit before Interest, Depreciation and Tax	6,811.37	7,300.68
(3) Less : Interest	423.93	626.24
(4) Profit before Depreciation and Tax	6,387.44	6,674.44
(5) Less : Depreciation	927.84	815.19
(6) Profit before Tax for the year	5,459.60	5,859.25
(7) Less : Provision for Taxation		
(a) Current Tax	1,253.11	1,349.64
(b) Deferred tax	156.46	159.46
Sub-total	1,409.57	1,509.10
(8) Profit after Tax for the year	4,050.03	4,350.15
(9) Add : Other comprehensive income for the year / period, net of tax	(6.19)	53.62
(10) Total Comprehensive Income for the year / period	4,043.84	4,403.77
(11) Earnings per share (EPS) of Rs. 10/- each	Rs. 31.10	Rs. 33.41

OPERATIONS AND THE STATE OF COMPANY'S AFFAIRS:

During the year under review, the revenue from operations were Rs. 62,147.26 lakhs, which is marginally lower by 4.10% though there is volume increase of more than 15 % in aggregate sale quantity. The Profit before tax stood at Rs. 5,459.60 lakhs, which is lower by about 6.82%. Due to overall relatively lower average prices of raw materials and resultantly finished goods, top line number is reflecting marginal fall in spite of higher volume.

CHANGE IN NATURE OF BUSINESS:

There is no change in the nature of business per se of the Company during the year. The Company, however, successfully launched its in-house developed high value value-added product viz. Isostearic Acid in the international market and initial response is very encouraging.

DIVIDEND:

Your Directors are pleased to recommend a dividend of Rs. 7.50 (i.e. 75%) per equity share for the financial year ended March 31, 2024, subject to the approval of the shareholders at the ensuing Annual General Meeting of the Company. Dividend will be paid to those shareholders whose names appear in the Register of Members as on Book Closure / Record Date to be fixed by the Company.

The Company has formulated Dividend Distribution Policy in compliance with Regulation 43A of SEBI (LODR) Regulations, 2015. The Dividend Distribution policy is placed on the Website of the Company at <https://fairchem.in/investor-relations/Policies/Dividend-Distribution-Policy.pdf>

TRANSFER TO RESERVE:

Your Directors have decided not to transfer any amount to the Reserve for the year under review.

MATERIAL CHANGES AND COMMITMENTS:

There have been no material changes and commitments which have occurred between the end of the financial year to which the financial statements relate and the date of this Report, affecting the financial position of the company.

CAPITAL STRUCTURE:

The Company has only one class of Equity Shares having equal voting rights. The present issued, subscribed and paid up share capital of the Company is Rs. 13,02,09,020/- divided into 1,30,20,902 Equity Shares of Rs. 10/- each fully paid up. There is no change in the Capital structure of the Company during the year.

IMPACT OF COVID-19 PANDEMIC:

Health scares due to COVID-19 Pandemic had resulted in global economic disruption for an extended period of nearly 2 years over its various phases. However, due to robust vaccination programmes, particularly by countries with large population, the pandemic could be controlled to a substantial extent. The company was not directly adversely impacted due to this pandemic during the year under review.

MEETINGS OF THE BOARD:

During the Financial Year 2023-24, 4 (four) meetings of the Board of Directors took place at which sufficient quorum was present throughout all the meetings. In respect of these meetings, proper notices were given, and the proceedings were properly recorded and signed in the Minutes Book maintained for the purpose. 10. Details of Demat Suspense Account / Unclaimed Suspense Account:

The Hon'ble National Company Law Tribunal, Mumbai, vide its Order dated June 30, 2020 had sanctioned a Composite Scheme of Arrangement & Amalgamation amongst (i) Fairchem Organics Limited (Transferor No. 1) and (ii) Privi Organics India Limited (Transferor No. 2) and (iii) Privi Speciality Chemicals Limited (erstwhile Fairchem Speciality Limited, being the Transferee Company).

Pursuant to such Scheme, those shareholders, who were holding shares as on Record Date in the erstwhile Fairchem Speciality Limited (FSL), now Privi Speciality Chemicals Limited, were issued shares in Fairchem Organics Limited (FOL) in the ratio of 1 equity share of FOL for every 3 equity shares of said FSL, which were allotted compulsorily in Demat form as provided in the Scheme.

Hence, those shareholders of erstwhile Fairchem Speciality Limited (FSL) (now known as Privi Speciality Chemicals Limited) who were holding the equity shares in the said FSL in physical form as on record date of August 24, 2020 could not be given credit of shares due to non-availability of their demat accounts details.

Such unclaimed shares are parked in the Demat Account opened in the name of the Company "Fairchem Organics Limited" and such Demat Account is being considered as 'Demat Suspense Account'. Disclosure pursuant to Part F of Schedule V of SEBI (LODR) Regulations 2015 is as under:

Sr. No	Particulars	Aggregate number of shareholders and the outstanding shares in the suspense account lying at the beginning of the year		Number of shareholders who approached FOL for transfer of shares and number of shareholders to whom shares were transferred from suspense account during the year. Commodity Price Risk or Foreign Exchange Risk and hedging activities

One of the main raw materials and one of the main prime finished products - both are commodities in nature and prices fluctuate based on market forces. To mitigate the risks arising from this, the Company has formed a core management team comprising of head of operations and senior officials of raw material and sales departments. The team takes guidance from Managing Director and collectively comes to pricing conclusion for purchase and sales. Prior to Covid-19, the price fluctuations were within a very moderate level of 2 % to 3 %. However, post Covid-19 and more particularly post Russia - Ukraine war, prices have become quite volatile.

The Company is predominantly focused on domestic sourcing and domestic sales. The exports and imports constitute small percent of respective values and so there is no direct material foreign exchange risk.

The Company does not do any hedging.

During FY 2023-24, no fines / penalties / award / compounding fees / settlement amount was paid in proceedings by the Company or by its Directors / KMPs as per the materiality policy and SEBI Regulations.

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Case Details	Name of the regulatory/ enforcement agencies/ judicial institutions
Not Applicable.	

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Yes, the Company has an Anti-Corruption policy received from the Fairfax Group. This policy applies to all the Board of Directors, KMP & employees of the Company. The policy strictly prohibits the offering, giving, solicitation, or acceptance of any bribes or corrupt inducements, whether directly or indirectly, by any employee or representative of the Company.

Alongside this, the Company has a Code of Conduct for senior management and employees enforcing highest standard of personal and professional integrity, honesty and business ethics while discharging their duties. As per the Code, employees need to demonstrate and promote professional behaviour to acquire skills, knowledge, and attitude to improve performance. The Company promotes freedom of expression and open communication practices to foster respectful and collaborative working environment and ethical business practice.

The Code prohibits to accept any offer, payment or value from customers, vendors etc. which intends directly or indirectly to influence any of the business decision. The Code also discourages to divulge any information to outsiders which may have material impact on the business of the Company to derive any personal benefit. The Code reckons due and timely compliance of all the laws, rules and regulations applicable to the Company.

The Code is applicable to all the employees and is communicated to all the relevant stakeholders at the time of onboarding. The Code is complemented by the Whistle Blower Policy of the Company which provides mechanism to report any breach to the code and fraudulent activities.

The Code of Conduct and Whistle Blower Policy are available on the Company's website at:

<https://fairchem.in/investor-relations/Policies/Code-of-Conduct.pdf>

<https://fairchem.in/investor-relations/Policies/Vigil-Mechanism-Whistle-Blower-Policy.pdf>

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

Not Applicable.

During FY 2023-24, the Company has not received any form of fine/ penalties/ punishment/ award/ compounding fees against any of the NGRBC principles. As such, no corrective actions are required.

8. Number of days of accounts payables ((Accounts payable *365) / Cost of goods/services procured) in the following format:

Particulars	FY 2023-24	FY 2022-23
Number of days of accounts payables	10.38	7.70

9. Open-ness of business

Provide details of concentration of purchases and sales with trading houses, dealers, and related parties along-with loans and advances & investments, with related parties, in the following format:

Parameter	Metrics	FY 2023-24	FY 2022-23
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	Not Applicable	
	b. Number of trading houses where purchases are made from		
	c. Purchases from top 10 trading houses as % of total purchases from trading houses		
Concentration of Sales	a. Sales to dealers / distributors as % of total sales		
	b. Number of dealers / distributors to whom sales are made		
	c. Sales to top 10 dealers / distributors as % of total sales to dealers / distributors		
Share of RPTs in	a. Purchases (Purchases with related parties / Total Purchases)		
	b. Sales (Sales to related parties / Total Sales)		
	c. Loans & advances (Loans & advances given to related parties / Total loans & advances)		
	d. Investments (Investments in related parties / Total Investments made)		

Note: The Company operates in the Business-to-Business mode. Nearly all its suppliers of raw materials are vegetable oil refineries and nearly all its customers are end users of its prime finished products i.e. manufacturing units. The Company does not deal with trading houses and does not have dealers or distributors for sale of its finished products. So, there is as such no concentration of purchase and sales with any dealer(s)/distributor(s). The Company also does not have any business transaction with its related parties.

Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

The Company is in the process of developing an approach to start engaging with key value chain partners on ESG and wider sustainability aspects. These will be implemented over the course of the coming financial years. More details will be provided in subsequent disclosures.

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, the Company has implemented process to avoid/manage conflict of interest involving members of the Board. The Company ensures that if any Director has a potential interest or conflict in the matter under voting then such Director is requested to abstain from voting on such matters. The policy is followed strictly for all members of the Board including the nominee Director appointed by the Fairfax group.

Principle 2: Businesses should provide goods and services in a manner that is sustainable and safe

ESSENTIAL INDICATORS

- Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Particulars	FY 2023-24	FY 2022-23	Details of improvement in environmental & social impacts
R&D	Refer Note below		
Capex			

Note: R&D undertaken and Capex incurred by the Company are primarily focused towards developing new products & overall process improvements. While these may have indirect beneficial impact on environmental and social aspects, the Company does not track these on a specific basis and hence are not reported here.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

Yes.

b. If yes, what percentage of inputs were sourced sustainably?

100% of the Company's raw materials are from sustainable sources as they are generated during refining process of vegetable oils having ultimate origin of agriculture.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for

(a) Plastics (including packaging)

(b) E-waste

(c) Hazardous waste and

(d) Other waste

Not applicable.

All the finished products of the Company are liquid chemicals and more than 99% despatches are in tankers which do not involve any primary packing. The Company does not make any finished products which will generate any E-waste or other hazardous waste at the end of their useful life. All waste generated during the manufacturing process is disposed-off by the Company as per GPCB guidelines.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Yes, the Company has obtained a registration under EPR rules in October 2023. This is primarily in relation to the plastic waste generated from the packaging of imported products. The Company has submitted a waste collection plan to GPCB. The Company has complied with the EPR rules and the waste collection plan as outlined in the EPR registration .

Leadership Indicators

1. Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Input materials used by Company are by-products of vegetable oil refineries. These materials are then passed through distillation/ fractionation process at their boiling temperatures. Therefore, there is no further question of recycling or reusing of any input material.

2. Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

All finished goods of the Company are used as an input for other industrial products like paint, ink, etc. There are no instances of reusing or recycling them. The Company supplies its finished products in metal containers (except in case of any special packaging instructions by the customers). These containers can be easily reused and/or recycled. However, given the diverse geographic spread of the customers, it is extremely challenging for the Company to reclaim the product packaging. Therefore, the end customers typically look at reusing/recycling/safely disposing the packaging.

PRINCIPLE 3 - Businesses should respect and promote the well-being of all employees, including those in their value chains
ESSENTIAL INDICATORS

Female	2	2	100%	-	-	-
Total	97	97	100%	87	87	100%

Note: The performance review in the Company is done in a hybrid manner. The CMD of the Company is available in the factory/office round the year. He is aware about job profile and actual work done by almost all the Permanent employees. During annual review, the CMD informally assesses the work done by different departments and where required, discusses about individual performances within the department. The CMD then identifies the department (s) which have performed better than average and then identifies important persons who have contributed significantly to this improved performance. Such identified individuals are given a higher grading/increment. Over a period of time, the Company has realized that in its unique business setting, instead of individual performance review/assessment, this innovative method works better.

10. Health and safety management system:
a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

The Company has adopted and implemented a Health and Safety Policy which covers its entire operations. This Policy reaffirms the Company's strong commitment towards workplace safety and to ensure compliance with all applicable health and safety regulations. Alongside the operational aspects as laid out in the Health & Safety Policy, the Company has implemented following plans to achieve safe workplace:

- Personal Protective Equipment Plan – This plan elaborates general responsibility of the functional manager to make sure that all the employees and workers are provided with the PPE kits. Water discharge by destination and level of treatment (in kilolitres)		
(i) Surface water	NA	NA
(ii) Groundwater	NA	NA
(iii) Third party water	NA	NA
(iv) Seawater/ desalinated water	NA	NA
(v) Others	NA	NA
Total Water Discharge (in kilolitres)	-	-

Note: The Company has implemented a system of zero liquid discharge so all water used in initial manufacturing process is captured, retreated and reused in production as well as for gardening purposes on the Company premises.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The Company has not undertaken any independent assessment/assurance of the environmental data disclosed in the report.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, the Company's manufacturing plant has implemented a mechanism for zero liquid discharge.

Wastewater generated in the Company is treated through high TDS RO and is vaporized for further purification. The vapor in gaseous form is condensed using condenser to obtain pure form of water. The vaporized gas is also captured as per GPCB Guidelines.

MEE salt generated as the residue of the vaporization process is sent to GPCB accredited third party co-processing units for further processing and subsequent use as an energy source in the cement industry.

6. Please provide details of air emissions (other than GHG emissions) by the entity:

Parameter	Please specify unit	FY 2023-24	FY 2022-23

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The Company has not undertaken any independent assessment/assurance of the environmental data disclosed in the report.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity:

Parameter	Unit	FY 2023-24	FY 2022-23
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	49,537.96	38,860.80
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	8,395.29	7,625.78
Total Scope 1 & Scope 2 emissions	Metric tonnes of CO ₂ equivalent	57,933.25	46,486.58
Total Scope 1 and Scope 2 emission intensity per Rs. of turnover (Metric tonnes of CO ₂ equivalent/ turnover in Rs. lakhs)		0.93	0.72
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (in lakhs) adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations in lakhs adjusted for PPP)		21.33	16.23
Total Scope 1 and Scope 2 emission intensity in terms of physical output (Metric tonnes of CO ₂ equivalent/ total output in MT)		0.89	0.82

The Scope 1 and Scope 2 calculations are from the energy, electricity and fuel usage at the corporate office and the plant in India. The Company activities do not generate any fugitive or process emissions. Scope 1 calculations are undertaken using guidelines and emissions factors prescribed by IPCC. Scope 2 calculations are undertaken using the emission factors prescribed by Central Electricity Authority of India.

Note: Physical output is the total aggregate production (in Metric Tonnes) of the Company for the relevant financial year across all its product categories.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The Company has not undertaken any independent assessment/assurance of the environmental data disclosed in the report.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Yes, Company has taken initiatives to reduce greenhouse gas emissions by switching to more energy efficient technology and machinery.

Company has also taken steps to increase usage of renewable energy sources.

9. Provide details related to waste management by the entity, in the following format:

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your Company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The Company's key raw materials are the by-products generated during the vegetable refining process. The Company's finished goods are fatty acids which are used as an input material for other industrial products.

The Company has implemented a ZLD mechanism, where all water and other liquid waste is captured and treated for reuse.

The solid waste generated from the Company's production process includes spent bleach, ETP sludge and MEE salt. All these are sold to GPCB approved co-processing units where they are further treated and sold to the cement industry for use as an energy source. Plastic waste generated is also sent to accredited/GPCB approved third parties for recycling.

The Company generates minimal amount of plastic waste from the import of certain raw materials. For this, the Company has taken registration under EPR regulations in October 2023. The plastic waste generated is sent to GPCB accredited third-party recycling facilities. All plastic waste generated is also in line with the action plan submitted as part of the EPR registration.

The Company also has a standalone E-waste Management policy. Used electronic items and batteries (even though in very minimal quantities) are typically returned back to the producer or vendors through buy-back mechanism.

INDEPENDENT AUDITORS' REPORT

To the Members of Fairchem Organics Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Fairchem Organics Limited (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition

Revenue recognition -Timing of recognising revenue See note 1 (c) and 27 to the financial statements	
The key audit matter	How the matter was addressed in our audit
<p>Revenue from the sale of finished goods is recognized when control over finished goods is transferred to the customer. The Company has various customers with different terms of trade which increases the risk of error in timing of revenue recognition. The actual point in time when revenue is recognized varies depending on the specific terms and conditions of the contracts with the customers.</p> <p>We have identified the risk of revenue being recognized in incorrect period as a key audit matter due to the financial significance arising from pressure to achieve performance targets and meeting external expectations.</p>	<p>In view of the significance of the matter we applied the following audit procedures, among others, in this area to obtain sufficient audit evidence:</p> <ul style="list-style-type: none"> - Assessing Company's revenue recognition accounting policies by comparing with applicable accounting standards. - Testing the design, implementation and operating effectiveness of key internal controls over timing of recognition of revenue from sale of products. - Performing substantive testing of revenue recognized during the year by selecting samples, through statistical sampling, and verifying the underlying customer orders and proof of dispatch/delivery in accordance with the contractual terms agreed with the customers. - Performing substantive testing of revenue recognized near the year-end by verifying the customer orders and proof of dispatch/delivery to assess the appropriateness of timing of revenue recognition. - Circulating balance confirmation requests to customers selected through statistical sampling and testing reconciliations in case of differences.

Key audit matter	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> - Assessing journal entries posted to revenue to identify and test unusual items. - Evaluating the adequacy of disclosures in the financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/ loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

The dividend declared is in accordance with Section 123 of the Act to the extent it applies to declaration of dividend.
- f. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility except that that audit trail was not enabled at the database level for accounting software to log any direct data changes. For accounting software for which audit trail feature is enabled, the audit trail facility has been operating throughout the year for all relevant transactions recorded in the software and we did not come across any instance of audit trail feature being tampered with during the course of our audit.
- C With respect to the matter to be included in the Auditors' Report under section 197(16). In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Annexure A to the Independent Auditor's Report on the Financial Statements of Fairchem Organics Limited for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of 3 years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit in case of purchases and sale of finished goods where risk and rewards has not been transferred has been physically verified by the management during the year. For goods-in-transit in case of purchases subsequent evidence of receipts has been linked with inventory records and for goods-in-transit in case of sales of finished goods, subsequent evidence of transfer of control has been verified. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has provided loans to other parties during the year, in respect of which the requisite information is as below. The Company has not granted any loans, secured or unsecured to companies, firms or limited liability partnership during the year.
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans is as below:

Particulars	(Rs. in Lakhs)
Aggregate amount during the year - Others (loan to employees)	2.42
Balance outstanding as at balance sheet date - Others (loan to employees)	1.42

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the the terms and conditions of the grant of loans provided during the year are, prima facie, not prejudicial to the interest of the company.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
 - (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.
 - (f) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of records of the Company, the Company has neither made any investments nor has it given loans or provided guarantee or security and therefore the relevant provisions of Sections 185 and 186 of the Companies Act, 2013 ("the Act") are not applicable to the Company. Accordingly, clause 3(iv) of the Order is not applicable.
 - (v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.
 - (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act in respect of its manufactured goods and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the records with a view to determine whether these are accurate or complete.
 - (vii) (a) The Company does not have liability in respect of Service tax, Duty of excise, Sales tax and Value added tax during the year since effective 1 July 2017, these statutory dues has been subsumed into GST.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues have been regularly deposited by the Company with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues were in arrears as at 31 March 2024 for a period of more than six months from the date they became payable.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which have not been deposited on account of any dispute are as follows:

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Annexure B to the Independent Auditor's Report on the financial statements of Fairchem Organics Limited for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Fairchem Organics Limited ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibilities for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to the financial statements for the year ended 31 March 2024

Background of the Company

Fairchem Organics Limited (the 'Company'), incorporated on March 27, 2019 under the provisions of the Companies Act, 2013 is a public limited company domiciled in India. Pursuant to the Scheme of arrangement, the Oleo Chemical and Neutraceutical business of erstwhile Fairchem Speciality Limited (now known as Privi Speciality Chemicals Limited) was demerged and vested into the Company. The Company is engaged in manufacturing of Speciality Oleo Chemicals since the year 1996. Up to August 12, 2020, the said business was run in the name of Fairchem Speciality Limited. Since August 13, 2020, the said manufacturing business is run in the current name of Fairchem Organics Limited. The manufacturing facility is set up at Village Chekhala, Ta. Sanand, Dist. Ahmedabad – 382 115, Gujarat, India. The equity shares of the Company are listed on National Stock Exchange and Bombay Stock Exchange in India.

1 Material accounting policies

This note provides a list of the material accounting policies adopted by the Company in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of preparation

i) Compliance with Ind AS

These financial statements comply, in all material aspects, with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

ii) Historical cost convention

The Financial Statements have been prepared on a historical cost basis, except for the following:

- Provision for Gratuity - Fair Value of plan assets less the present value of the defined benefit obligation.

iii) Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is

- Expected to be realised or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle, or
- It is held primarily for the purpose of trading, or
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period,
- All other liabilities are classified as non-current.

b) Foreign currency transactions and translations

i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using exchange rates at the date of the

Notes to the financial statements for the year ended 31 March 2024

transaction. Foreign exchange gains and losses from settlement of these transactions and from translation of monetary assets and liabilities at the reporting date exchange rate are recognised in the Statement of Profit and Loss on a net basis within other income/expenses.

c) Revenue recognition

Sale of products

Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer upon dispatch or delivery, in accordance with the terms of customer contracts. Revenue is recognised at an amount that is expected to be received from customers that is net of trade discounts, rebates and goods and services tax (GST).

A contract liability is the obligation to transfer goods to the customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs under the contract.

Export Incentives

Export benefit entitlements under Duty Drawback, and Remission of Duties and Taxes on Exported Products (RoDTEP) are recognised when the right to receive credit as per the terms of the scheme is established in respect of the exports and where there is no uncertainty regarding the ultimate collection of the relevant export proceeds.

d) Income tax

The income tax expense or credit for the period is the tax on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to taxable timing differences and to unused tax losses, if any.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in India. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the balance sheet method, on taxable timing difference arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets are recognised for all deductible taxable timing differences only if it is probable that future taxable amounts will be available to utilize those taxable timing differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset deferred tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity in which case, the tax is recognised in other comprehensive income or directly in equity, respectively.

e) Leases

Company as a lessee:

Assets and liabilities arising from a lease are initially measured at cost which includes present value of lease payments to be made over the tenure of lease, adjusted for any payments made on or before the commencement of lease and initial direct cost, if any. It is subsequently measured at cost less accumulated amortization, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs. Lease payments to be made under reasonably certain

Notes to the financial statements for the year ended 31 March 2024

extension options are also included in the measurement of the liability.

The lease payments are discounted using the lessee's incremental borrowing rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right to use assets:

Right-to-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or sight on which it is located, less any lease incentives received.

Right-to-use assets are depreciated over the lease term on a straight-line basis. Right-to-use assets are measured at cost, less any accumulated amortisation and impairment losses, and adjusted for any re-measurement of lease liabilities.

f) Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may exceed its recoverable amount. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Other assets are reviewed for possible reversal of the impairment at the end of each reporting period. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

g) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

h) Trade receivables

Trade receivables without significant financing components are recognised initially at transaction price.

i) Inventories

Raw materials, packing material, stores and fuel, work in progress and finished goods are stated at the lower of cost and net realisable value. The cost of raw materials and consumables are valued based on weighted average cost method and cost of packing materials, stores and fuel are determined based on first-in, first-out (FIFO) method. The costs of raw materials, consumables, packing materials, stores and fuel comprises cost of purchase, and other costs incurred to bring the asset to its intended use. The cost of work in progress and finished goods comprises raw materials, direct labour and appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal capacity. Cost of inventories comprise the purchase price, import duties and other taxes, (other than those subsequently recovered by the Company from tax authorities) and transport, handling and other costs directly attributable to bringing the inventory to their existing location and condition.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling price of the related finished products. The comparison of cost and net realisable value is made on an item-by-item basis.

j) Financial assets and liabilities

i) Financial assets

1. Classification

The Company classifies its financial assets in the following measurement categories:

- at fair value (either through other comprehensive income, or through profit or loss), and
- at amortised cost.

Notes to the financial statements for the year ended 31 March 2024

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable selection at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

2. Initial Recognition and Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

3. Subsequent Measurement

Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any. The amortisation of Interest income using EIR method and loss or gains arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI): Financial assets that are held within a business model whose objective is, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to "Profit or Loss" in the Statement of Profit and Loss.

Measured at fair value through profit or loss (FVTPL): A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income, if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity instruments

The company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at Fair Value through Other Comprehensive Income (FVOCI) are not reported separately from other changes in fair value.

4. Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables or other financial assets that result from transactions that are within the scope of Ind AS 115 only, the Company follows 'simplified approach' for recognition of impairment loss and always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109 i.e. expected credit loss allowance as computed based on provision matrix. The provision matrix considers historical credit loss experience and is adjusted for forward looking information. The impairment loss is based on the ageing of the receivables that are due and allowance rates used in the provision matrix.

Notes to the financial statements for the year ended 31 March 2024

5. Derecognition

The Company derecognises a financial asset, when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain the control of the financial asset.

6. Income recognition

Interest income from debt instruments is recognised using the EIR method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

ii) Financial liabilities:

1. Initial Recognition and Measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue of the financial liability.

2. Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

3. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

4. Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities to the extent it is expected to be paid within normal operating cycle of the business.

5. Borrowings

Borrowings are initially Capitalized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the statement of profit and loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, transferred, cancelled or expired. The difference between the carrying amount of borrowings that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in the statement of profit and loss as other income/expenses.

k) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and

Notes to the financial statements for the year ended 31 March 2024

settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

l) Property, plant and equipment

At the time of transition to Ind AS, the cost of property, plant and equipment as at April 01, 2016 was determined with reference to its carrying value recognised as per the previous GAAP (deemed cost) on the date of transition.

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. The historical cost comprises of its purchase price, non-refundable taxes & levies, freight and any other direct cost of bringing the item to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from its use. Difference between the sales proceeds and the carrying amount of the asset is recognized in the statement of profit and loss.

When major items of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment. The cost of replacement of any property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefit associated with the item will flow to the Company and its cost can be measured reliably.

Capital work in progress are those which are not ready for intended use and are carried at cost less impairment loss, if any.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated on cost less their estimated residual value on a pro-rata basis over the estimated useful life using straight line method. Estimated useful life is either as per technical evaluation or as per useful life as mentioned in schedule II of Companies Act, 2013. Estimated useful life of the assets are as under:

<u>Assets class</u>	<u>Useful life in years</u>
Buildings	10 to 30
Plant and Equipment	10 to 25*
Electrical Installations	10
Office Equipments and Computers	3 to 5
Furniture and Fixtures	10
Air conditioner	5
Vehicles	8

*For these classes of assets (Other than Lab equipments), the useful life of assets is different than the prescribed life as per Part C of Schedule II of the Companies Act, 2013. The different useful life is based on internal technical evaluation by the Company and historical usage of assets.

Depreciation methods, residual value and useful lives are reviewed at each financial year end and adjusted if appropriate.

m) Intangible Assets and amortization

Intangible assets with finite useful life are stated at cost of acquisition, less accumulated amortisation and impairment loss, if any.

Cost includes purchase price, non-refundable taxes, duties and other incidental expenses related to acquisition. Amortisation is recognised in the statement of profit and loss on a straight-line basis over the estimated useful lives of respective intangible assets as stated below:

Notes to the financial statements for the year ended 31 March 2024

<u>Assets class</u>	<u>Useful life in years</u>
• Computer software	3

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates.

n) Borrowings costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Foreign exchange differences including exchange differences related to foreign currency borrowings to the extent they are regarded as an adjustment to interest costs to the extent not capitalized are presented in the statement of profit and loss, within finance costs.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

o) Provisions, contingent liabilities and contingent assets

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognised and are disclosed only when an inflow of economic benefits is probable.

p) Employee Benefits

i) Defined contribution plans

Contributions to post employment benefit plans in the form of provident fund, employee state insurance scheme and pension scheme as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Company has no further payment obligations once the contributions have been paid.

ii) Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees, which is funded. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined using the Projected Unit Credit method at the end of each year. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Gratuity Fund contributions are made to a trust administered by the Company which has further invested in Life Insurance Corporation. The contributions made to the trust are recognised as plan assets. The defined benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets.

Notes to the financial statements for the year ended 31 March 2024

iii) Other employee benefits

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the statement of profit and loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

iv) Short term employee benefits

Short term benefits payable within twelve months after the end of the reporting period in which the employees have rendered service are expensed in the statement of profit and loss.

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chairman and Managing Director who is identified as the chief operating decision maker (CODM). The CODM is responsible for allocating resources and assessing the financial performance and position of the company, and make strategic decisions.

r) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

s) Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs, or decimal thereof as per the requirement of Schedule III, unless otherwise stated.

t) Critical estimates

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

The areas involving critical estimates are:

- Estimation of defined benefit obligation – Note 26
- Contingent liabilities – Note 42
- Estimation of useful life of tangible and intangible assets – Note 4

Estimates are continually evaluated at every reporting period end. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the company.

Notes to the financial statements for the year ended 31 March 2024

2. Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3. The financial statements for the year ended March 31, 2024 were approved and authorized for issue by the Board of Directors of the Company on May 22, 2024.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(c) Post employment obligations

Defined benefit plans

Gratuity

The company provides for gratuity for employees as per the Payment of Gratuity Act, 1972 and as per Company policy. The amount of gratuity payable on retirement/termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is a funded plan. The scheme is funded with Adi Finechem Limited Employees Group Gratuity Assurance Scheme which in-turn, has taken Group Gratuity Scheme of the Life Insurance Corporation of India (LIC of India) in the form of a qualifying insurance policy. The Company contributes to the insurance fund based on estimated liability received from LIC of India.

Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund and ESI which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to statement of profit and loss as they accrue.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

	Change in assumptions		Impact on defined benefit obligation			
			Increase in assumptions		Decrease in assumptions	
	As at March 31, 2024	As at March 31, 2023	As at March 31, 2024	As at March 31, 2023	As at March 31, 2024	As at March 31, 2023
Discount Rate	0.50%	0.50%	(22.84)	(20.11)	24.77	21.75
Salary growth Rate	0.50%	0.50%	25.32	22.46	(23.55)	(20.94)
Withdrawal Rate	10.00%	10.00%	(0.28)	(0.10)	0.33	0.12

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Risk exposure:

- i Investment Risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.
- ii Liquidity Risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the company, there can be strain on the cash flows.
- iii Market Risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
- iv Legislative Risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

Defined benefit liability and employer contributions

Expected contributions to post-employment benefit plans for the year ending March 31, 2025 are INR 42.92 lakhs (March 31, 2024: INR 37.23 lakhs).

NOTES TO THE FINANCIAL STATEMENTS

Fair value hierarchy

All financial instruments have been measured at amortised cost. For all financial instruments referred above which have been measured at amortised cost, their carrying values are reasonable approximations of their fair values. The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). All financial instruments referred above have been classified as Level 3.

The categories used are as follows :

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. Considering that all significant inputs required to fair value such instruments are observable, these are included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

The fair value of the financial instruments is determined using discounted cash flow analysis.

Valuation processes

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer (CFO).

Fair value of financial assets/liabilities measured at amortised cost

The carrying amounts of trade receivables, cash and cash equivalents, other bank balances, investments, margin money deposits, loans to employees, security deposits, trade payables, capital creditors, interest accrued but not due on borrowings, unclaimed dividends, employee benefit payable and other deposits are considered to be as their fair values, because their carrying amount are reasonable approximation of their fair values.

The fair values of borrowings have been calculated based on cash flows discounted using a current lending rate. They are classified as level 3 in the hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

For Level 3 financial instruments, the fair value has been based on present values and the discount rates used, are adjusted for counterparty or own risk.

39 Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Company's management has overall responsibility for the establishment and oversight of the Company's risk management framework. The key risks and mitigating actions are also placed before the Board of Directors of the Company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and to control and monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Risk Management framework of the Company is supported by the Finance team and experts of respective business divisions that provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The activities are designed to:

- protect the Company's financial results and position from financial risks

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

- maintain market risks within acceptable parameters, while optimising returns; and
- protect the Company's financial investments, while maximising returns.

The Treasury department provides funding and foreign exchange management services for the Company's operations. In addition to guidelines and exposure limits, a system of authorities and extensive independent reporting covers all major areas of treasury's activity.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

Cash and cash equivalents & bank balances

The Company is also exposed to credit risk on cash and cash equivalents and bank balances other than cash and cash equivalents. These balances (other than cash on hand) are with high credit rating banks which are governed by Reserve Bank of India. The company believes its credit risk in such bank balances is immaterial.

Security deposits and other receivables

With respect to other financial assets namely security and other deposits and other receivables, the maximum exposure to credit risk is the carrying amount of these classes of financial assets presented in the balance sheet.

Trade receivables

The Company measures the expected credit loss of trade receivables from customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends which is very negligible.

	Carrying amount	
	As at March 31, 2024	As at March 31, 2023
Neither past due nor impaired	4,704.21	5,439.35
Past due 0-90 days	976.26	818.32
Past due 90-180 days	0.05	0.10
Past due 180-270 days	0.14	0.08
Past due 270-360 days	0.53	0.02
More than 360 days	42.11	42.04

(B) Management of Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions. Material and sustained shortfall in cash flow could undermine the company's credit rating and impair investor confidence.

The company maintained a cautious funding strategy, with a positive cash generation from operating activities throughout the year ended March 31, 2024 and March 31, 2023.

(C) Management of Market Risk

Market risk comprises of foreign currency risk and interest rate risk. Foreign currency risk arises from transactions that are undertaken in a currency other than the functional currency of the company. Further, the financial performance and financial position of the company is exposed to foreign currency risk that arises on outstanding receivable and payable balances at a reporting year end date. Interest rate risk arises from variable rate borrowings that expose the company's financial performance, financial position and cash flows to the movement in market rates of interest.

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD. The Company imports capital goods and raw materials and exports finished goods. The company also pays interest, legal and professional fees and travelling and conveyance in foreign currency.

Foreign currency exposure

	As at March 31, 2024	As at March 31, 2023
	USD in Lakhs	USD in Lakhs
<u>Financial Assets</u>		
Trade Receivables	9.97	9.71
Exposure to foreign currency assets	9.97	9.71
<u>Financial Liabilities</u>		
Trade Payable	1.35	0.53
Exposure to foreign currency liabilities	1.35	0.53

Sensitivity - Foreign Currency

The sensitivity of profit or loss to changes in the exchange rates is as follows:

	Impact on profit before tax		Impact on equity net of taxes	
	For the year ended March 31, 2024	For the year ended March 31, 2023	As at March 31, 2024	As at March 31, 2023
<u>USD Sensitivity</u>				
INR/USD increase by 5%*	35.93	37.74	26.89	28.24
INR/USD decrease by 5%*	(35.93)	(37.74)	(26.89)	(28.24)

* Holding all other variables constant

Interest rate risk

The Company is mainly exposed to interest rate risk due to its floating interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The Company mitigates the interest rate risk for borrowing in functional currency, which is linked with MCLR, by negotiating and fixing the rate at the time of renewal of bank facility which remains effective for one year from the date of renewal. In case of borrowing in foreign currency, which is linked with USD SOFR rate, the company mitigates the risk by fixing the margin at the time of renewal of bank facility which remains effective for one year from the date of renewal.

The Company has various non current and current borrowings whose facilities are on a variable interest rate basis. Refer below table for interest rate exposure.

Interest Rate Exposure

The exposure of Company's borrowings to interest rate changes at the end of the reporting period are as follows:

	As at March 31, 2024	As at March 31, 2023
Variable Rate Borrowings	731.77	5,016.76

NOTES TO THE FINANCIAL STATEMENTS

(All amounts in Rs. Lakhs, unless otherwise stated)

Sensitivity - Interest Rate

The sensitivity of profit or loss to higher/(lower) interest expense from borrowings as a result of change in borrowing rates is as follows:

	Impact on profit before tax		Impact on equity net of taxes	
	For the year ended March 31, 2024	For the year ended March 31, 2023	As at March 31, 2024	As at March 31, 2023

Interest Rates - decrease by 0.5%*	0.74	1.14	0.55	0.85

* Holding all other variables constant

40. Capital management

(a) Risk management

The Company considers the following components of its Balance Sheet as managed capital:

Total equity as shown in the balance sheet includes share capital, capital reserve, retained earnings.

The Company aims to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimise returns to its shareholders. The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, reduce capital or issue new shares.

Consistent with others in the industry, the company monitors capital on the basis of the following gearing ratios:

Net debts (Total borrowings net of cash and cash equivalents)

divided by

Total 'equity' (as shown in the Balance Sheet)

The gearing ratios were as follows:

	As at March 31, 2024	As at March 31, 2023
Net Debts	730.93	5,015.98
Total Equity	28,993.28	25,926.01
Net Debt to Equity Ratio	0.03	0.19

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The management monitors the return on capital as well as the level of dividends to shareholders. The Company's goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future periods. Refer the below note for the final dividend declared and paid.
