## Q2 FY24: KEY OPERATIONAL HIGHLIGHTS

Real Estates acquired two notable projects at premium locations in Q2 FY24 with an estimated GDV of INR ~10,300 Cr (Thane (INR ~7,600 Crs) & New Delhi (INR ~2,700 Crs))

Received a spectacular response to the launch of Phase I of Birla Trimaya in Bengaluru, selling almost the entire phase with a booking value of Rs. 467 Crs. within 36 hours.

Sales turnover in Textiles division increased by 8% over Q1 FY24 and 5% over Q2 FY23, after the strategic restructuring of operations.

**Strategic focus on improving profitability in Textiles and Pulp & Paper divisions as well as strong commitment to future growth in Real estate division has led to a satisfactory overall performance**

## MAJOR TAKEAWAYS

- We acquired two notable projects at premium locations in Q2 FY24 with a estimated GDV of INR ~10,300 Cr:
  - Thane (Estimated GDV: INR ~7,600 Crs)
  - Mathura Road, New Delhi (Estimated GDV: INR ~2,700 Crs)
- Birla Navya, Gurugram received the “Platinum Award” in Quality Excellence by Apex India Foundation.
- Birla Tisya, Bengaluru received ESG and Sustainability Award by UBS Forums for maintaining sustainable green practices at the site during the construction.
- Birla Trimaya, Bengaluru first phase launched and received spectacular response from customers. We achieved booking value worth INR 467 Crs selling almost entire phase within 36 hours
- Achieved bookings of INR 708 Crs from all projects in Q2 FY24
- Collections: Achieved collections from all projects of INR 251 Crs in Q2 FY24.
- Completed cumulative ~23.5 million safe man-hours at all project sites till date

## MARKET OUTLOOK

- Indian Real Estate sector is consistently entering a new phase of growth, driven by buoyant customer sentiment and robust property launches.
- The sector is expected to continue its momentum with increasing demand and a strong consumption record.
- The demand has shown significant resilience despite increase in housing prices.
- RBI has maintained its stance on interest rates leading to stable home mortgage rate which will further lend to the strengthening of demand.

# Pulp & Paper

Flag bearer in Paper Industry

## MAJOR TAKEAWAYS

- Overall sales volumes increased by 8% in Q2 FY24 as compared to Q1 FY24.
- In paper and tissue segment, production increased marginally as compared to Q2 FY23. However, B grade fluctuating prices impacted the Writing & Printing segment due to poor machine coverage. Also, domestic and export demand for Tissue products remained sluggish throughout the quarter.
- Overall board demand was sluggish in the first half of Q2 however, demand improved after mid-Sep'23, on the account of upcoming festival season. Mills have announced price increases due to extreme cost pressure.
- Overall total production was calibrated as per market demand, however, had there not been a lower sales trend, the production could have been better in Q2.
- On sustainability front, a total of about 50 lac plantations have been done till Q2 FY24 in 46 nos. of nurseries developed in wood catchment areas. Also, we have signed an MoU with GB Pant Agriculture University for Eucalyptus plantation on 200 acres of land as well as held discussions to extend the plantation to 1000 acres within next 5 years.

## MARKET OUTLOOK

- Writing & Printing paper demand is expected to increase due to seasonal impact of festivals in Q3 FY24. Copier demand is expected to increase towards the end of the quarter. Higher import volumes in Writing & Printing and copier segment may impact the price increases in these segments, due to adequate supply to balance the improving demand. Exports are expected to improve with better realization and price stability.
- Tissue demand expected to improve in Q3 FY24. The focus will be more on domestic sales for better realization with look out for opportunities to strengthen export volumes basis improved realizations.
- Board demand to improve due to upcoming festival season in Q3 FY24. Order position expected to improve in anticipation of price increase, adopted by domestic as well as international mills, as a measure to release extreme cost pressures. Export demand is expected to improve marginally.
- Export demand from Europe/USA markets is increasing slowly. However, the situation of over-supply is expected to continue till end of FY24 as the demand growth is slower than the capacity expansion by Domestic mills.

**Focus on technology upgradation, productivity enhancement, NPDs and implementation of cost-reduction initiatives will assist in adapting to the market dynamics**

## ENVIRONMENT

## SOCIAL

- Our dedicated team is working to increase plantation through farmers in our catchment area by distributing eucalyptus & poplar clones and seedlings. Total 4954735 plantation have been done in Q2 FY24. MOU with GBPTU- Pantnagar for plantation in 200 acres of land.
- Pine tree leaves fall during summer season in hill areas of Uttarakhand which results into wildfire. To prevent wildfire and provide employment (especially women) in hill areas, we started collection of perul with collaboration of Forest Division, Nainital. Perul is being utilized as fuel in our Power Boilers. During FY24, we have collected 338 MT (highest ever) perul till 30th September 2023.

- Medical Mobile Van provided to Chief Medical Officer-Nainital, on dated 27th July 2023 to provide medical facility at rural areas of district Nainital.
- Century pulp and paper received 'Award for creativity' in Quality Circle Green Competition of Confederation of Indian Industries (CII) for Plantation drive carried out in our wood catchment area. We have achieved up to 5 million plantations in FY24 till 30th September 2023.

# Textiles

World's 2<sup>nd</sup> and India's 1<sup>st</sup> LEED V4 certified Textile Mfg. Co.

## MAJOR TAKEAWAYS

- In Q2 FY24, sales turnover increased by 8% over last quarter and 5% over Q2 FY23. However, overall lesser sales in Q1 & Q2 on account of sluggish demand, have led to Indian domestic apparel brands carrying excessive inventories.
- In Home textiles segment, there has been some relief to drying orders and aggressive pricing as retailers have started looking to place replenishments and explore new opportunities.
- During Q1 & Q2, retail sale of fabrics and garments was weak in domestic and international market.
- In Q2 FY24, we won SEEM (Society of Energy Engineers and Managers) – GOLD award for 3<sup>rd</sup> time in a row. The award is given for improving energy efficiency by a manufacturing facility.

## MARKET OUTLOOK

- Given the constantly changing market dynamics against the backdrop of ongoing geo-political crises, we have shifted our focus from maximum productivity to optimum profitability. This involves closely monitoring our working capital and inventories.
- Utilizing our dedicated state-of-the-art R&D facility, design and supply chain teams, we are developing new sustainable products with better traceability across our value chain to cater to various international brands.
- With several FTAs in finalization stages, we expect the fabric and garment retail market demand to improve from Q4 FY24.
- The fabric and garment retail market is expected to revive soon, and demand is expected to pick-up in Q4 FY24.
- Retail dynamics are changing, and global uncertainty remains high due to higher interest rates / high inflation / debt ceiling issues in the US.

**Synergistic collaborations to develop innovative products and tapping new markets will result in better profitability**
